Special topics/Sujets spéciaux

In memoriam/En mémoire: Z. A. Patrick 1

Awards 2010/Honneurs 2010

Outstanding Research/Excellence en recherche 3

Bacteria and phytoplasmas/Bactéries et phytoplasmes

Comparison and utilization of different PCR-based approaches for molecular typing of *Pseudomonas syringae* pv. *actinidiae* strains from Italy
A. Mazzaglia, M. Renzi and G. M. Balestra 8

Disease control/Moyens de lutte

Improvement of emergence and performance of plants derived from red-smudged durum wheat seed by fungicide seed treatments
M. R. Fernandez and V. Vujanovic 19

Forest pathology/Pathologie forestière

Foliage susceptibility of six eastern Canadian forest tree species to *Phytophthora ramorum*
A. Jinek, M. Simard, S. C. Brière, A. K. Watson, R. J. Tweddell and D. Rioux 26

Genetics and resistance/Génétique et résistance

Reaction of *Brassica juncea* to Australian isolates of *Leptosphaeria maculans* and *Leptosphaeria biglobosa* 'canadensis'
V. L. Elliott, S. J. Marcroft, R. M. Norton and P. A. Salisbury 38

Progeny evaluation for resistance to *Phaeosphaeria* leaf spot in tropical maize
M. T. G. Lopes, M. L. C. Vieira, R. Lopes, K. R. Brunelli, R. R. Matiello, H. P. Da Silva and L. E. A. Camargo 49

Races of *Puccinia graminis* on barley, oat and wheat in Canada in 2006
T. G. Fetch, Jr., J. Mitchell Fetch and A. Xue 54

Characterization of *Fusarium avenaceum* from lupin in central Alberta: genetic diversity, mating type and aggressiveness
M. D. Holtz, K. F. Chang, S. F. Hwang, B. D. Gossen and S. E. Strelkov 61

Virulence of *Puccinia coronata* f. sp. *avenae* in the Eastern Prairie Region of Canada during 2007–2009
J. Chong, J. Gruenke, R. Dueck, W. Mayert, J. Mitchell Fetch and C. McCartney 77

Soilborne pathogens/Agents pathogènes telluriques

An improved ethanol medium for efficient recovery and estimation of *Verticillium dahliae* populations in soil
B. Mansoori 88

Virology/Virologie

Characterization of the partial RNA1 and RNA2 3' untranslated region of Tomato ringspot virus isolates from North America
R. Li, R. Mock, M. Fuchs, J. Halbrendt, B. Howell and Z. Liu 94

CONTENTS

Past-president's contribution/Contribution du président sortant

Formulation of microbial biocontrol agents – an industrial perspective

M. Leggett, J. Leland, K. Kellar and B. Epp

101

Symposium contribution/Contribution du colloque

Direct and indirect impacts of climate change on forests: three case studies from British Columbia

L. D. Daniels, T. B. Maertens, A. B. Stan, S. P. J. McCloskey, J. D. Cochrane and R. W. Gray

108

Is the health of British Columbia's forests being influenced by climate change? If so, was this predictable?

A. Woods

117

Bacteria and phytoplasmas/Bactéries et phytoplasmes

Identification and molecular characterization of the phytoplasma associated with peach rosette-like disease at the Canadian Clonal Genebank based on the 16S rRNA gene analysis

Y. Arocha-Rosete, S. Zunnoon-Khan, I. Krukovets, W. Crosby, J. Scott, A. Bertaccini and R. Michelutti

127

Disease control/Moyens de lutte

Evaluation of fungicide efficacy and application frequency for the control of ascochyta blight in chickpea

S. Banniza, C. L. Armstrong-Cho, Y. Gan and G. Chongo

135

Effectiveness of AG3 phosphonate formulation in suppressing phytophthora blight in cucumber and bell pepper plants under growth room conditions

P. A. Abbasi, G. Lazarovits and B. Weselowski

150

Epidemiology/Épidémiologie

Temporal dispersal patterns of *Sclerotinia sclerotiorum* ascospores during canola flowering

I. S. Qandah and L. E. del Río Mendoza

159

Molecular characterization of *Fusarium oxysporum* f. sp. *cubense* race 1 and 4 isolates from Taiwan and Southern China

M. H. Li, B. Yang, Y. Leng, C. P. Chao, J. M. Liu, Z. F. He, Z. D. Jiang and S. Zhong

168

Isolation of *Fusarium graminearum* from cereal, grass and corn residues from Alberta, 2001–2003

T. K. Turkington, R. M. Clear, T. Demeke, R. Lange, K. Xi and K. Kumar

179

Development and validation of a disease forecast model for *Sclerotinia* rot of carrot

A. J. Foster, C. Kora, M.R. McDonald and G. J. Boland

187

Forest pathology/Pathologie forestière

Response of *Alnus tenuifolia* to inoculation with *Valsa melanodiscus*

G. R. Stanosz, L. M. Trummer, J. K. Rohrs-Richey, D. R. Smith, G. C. Adams and J. J. Worrall

202

Soilborne pathogens/Agents pathogènes telluriques

Virulence, distribution and diversity of *Rhizoctonia solani* from sugar beet in Idaho and Oregon

C. A. Strausbaugh, I. A. Eujayl, L. W. Panella and L. E. Hanson

210

Virology/Virologie

Genetic variability and population structure of *Grapevine virus A* in China based on the analysis of its coat protein gene

Z. Wang, N. Hong, Y. Liu, W. Xu and G. Wang

227

Abstracts/Résumés

The Sixth Canadian Workshop on Fusarium Head Blight/Le Sixième Colloque canadien sur la fusariose

234

Alberta Regional Meeting, 2010/Réunion régionale de l'Alberta, 2010

258

Southwestern Ontario Regional Meeting, 2010/Réunion régionale du sud-ouest de l'Ontario, 2010

265

Annual Meeting, 2010/Réunion annuelle, 2010: The Canadian Phytopathological Society

268

CONTENTS

Special topics/Sujets spéciaux

Minireview/Minisynthèse

Prospect for functional eradication of the bacterial ring rot disease of potato

S. H. De Boer and A. Boucher

297

Bacteria and phytoplasmas/Bactéries et phytoplasmes

Isolation and characterization of eight bacteriophages infecting *Erwinia amylovora* and their potential as biological control agents in British Columbia, Canada

J. Boulé, P. L. Sholberg, S. M. Lehman, D. T. O’Gorman and A. M. Svircev

308

A TaqMan real-time PCR assay targeting the cytochrome *o* ubiquinol oxidase subunit II gene for detection of several pathovars of *Pseudomonas syringae*

R. Xu and J. T. Tambong

318

Note

Detection of 16S rDNA of ‘*Candidatus Phytoplasma mali*’ in plum decline in Tunisia

M. B. Khalifa and H. Fakhfakh

332

Biochemistry and cell biology/Biochimie et biologie cellulaire

The development of a model to predict the potential efficacy of *Trichoderma harzianum* isolates on perithecial production of *Gibberella zeae* based on secondary metabolite production

S. Inch, D. J. Walker, J. Gilbert, F. Daayf, W. G. D. Fernando and M. Piercey-Normore

337

Identification and activity of a phytotoxin produced by *Calonectria ilicicola*, the causal agent of soybean red crown rot

S. Ochi, M. Yoshida, A. Nakagawa and M. Natsume

347

Epidemiology/Épidémiologie

Comparison of disease severity and incidence at different growth stages of naturally infected canola plants under field conditions by pycnidiospores of *Phoma lingam* as a main source of inoculum

K. Ghanbarnia, W. G. Dilantha Fernando and G. Crow

355

Genetics and resistance/Génétique et résistance

Evaluation of a detached leaf assay to measure fusarium head blight resistance components in barley

K. Kumar, K. Xi, T. K. Turkington, A. Tekauz, J. H. Helm and J. P. Tewari

364

Verticillium dahliae’s VdNEP acts both as a plant defence elicitor and a pathogenicity factor in the interaction with *Helianthus annuus*

Z. Yao, K. Y. Rashid, L. R. Adam and F. Daayf

375

Simple sequence repeats and diversity of globally distributed populations of *Pyrenophora tritici-repentis*

R. Aboukhaddour, S. Cloutier, L. Lamari and S. E. Strelkov

389

Soilborne pathogens/Agents pathogènes telluriques

Pathogenicity of *Fusarium* spp. to chickpea seed and seedlings (*Cicer arietinum* L.)

R. Leisso, Z. Miller, B. Jacobsen and M. Burrows

400

Nightshade hosts for Canadian isolates of *Globodera rostochiensis* pathotype Ro1

M. Rott, T. Lawrence and M. Belton

410

Genetics and resistance/Génétique et résistance

Seedling resistance to *Rhizoctonia* and *Pythium* spp. in wheat chromosome group 4 addition lines from *Thinopyrum* spp.

P. A. Okubara and S. S. Jones

416

CONTENTS

Minireview/Minisynthèse

Fungal and oomycete effectors – strategies to subdue a host
S. Ali and G. Bakkeren

425

Bacteria and phytoplasmas/Bactéries et phytoplasmes

Development and evaluation of a loop-mediated isothermal amplification assay for rapid detection and identification of *Pectobacterium atrosepticum*
X. Li, J. Nie, L. J. Ward, J. Nickerson and S. H. De Boer

447

Première observation de la maladie de la galle du collet causée par *Agrobacterium tumefaciens* sur l'olivier en Tunisie

M. El Arbi, A. Rhouma, A. Chaari et X. Nesme

458

Identification of *Graminella nigrifrons* as a potential vector for phytoplasmas affecting *Prunus* and *Pyrus* species in Canada

Y. Arocha-Rosete, P. Kent, V. Agrawal, D. Hunt, A. Hamilton, A. Bertaccini, J. Scott, W. Crosby and R. Michelutti

465

Disease control/Moyens de lutte

Boron reduces development of clubroot in canola

A. Deora, B. D. Gossen, F. Walley and M. R. McDonald

475

Powdery mildew (*Leveillula taurica*) on greenhouse and field peppers in Ontario – host range, cultivar response and disease management strategies

R. F. Cerkauskas, G. Ferguson and M. Banik

485

Evaluation of biological control agents for control of botrytis blight of geranium and powdery mildew of rose

J. F. Elmhirst, C. Haselhan and Z. K. Punja

499

Effect of iron and nitrogen on the development of *Helminthosporium solani* and potato silver scurf

B. Mimeo, T. J. Avis, S. Boivin, S. Jabaji and R. J. Tweddell

506

Epidemiology/Épidémiologie

Molecular and morphological differentiation of *Colletotrichum truncatum* from scentless chamomile and selected crop species

L. Forseille, G. Peng, Y. Wei and B. D. Gossen

512

Forest pathology/Pathologie forestière

Histological investigation of infection processes of *Discula destructiva* on leaves of *Cornus florida*

Q. Cheng, A. S. Windham, W. E. Klingeman, H. F. Sakhanokho, A. M. Saxton, Y. Li and M. T. Windham

525

Response of *Alnus fruticosa* to inoculation with *Valsa melanodiscus* in roadside and forested environments

J. K. Rohrs-Richey, L. M. Winton and G. R. Stanosz

532

Genetics and resistance/Génétique et résistance

Physiologic specialization of *Puccinia triticina*, the causal agent of wheat leaf rust, in Canada in 2008

B. D. McCallum, P. Seto-Goh and A. Xue

541

Postulation of leaf rust resistance genes in Iranian wheat cultivars and breeding lines <i>F. R. Boroujeni, A. Arzani, F. Afshari and M. Torabi</i>	550
Soilborne pathogens/Agents pathogènes telluriques	
First report of <i>Fusarium redolens</i> from Saskatchewan and its comparative pathogenicity <i>A. E. Taheri, C. Hamel, Y. Gan and V. Vujanovic</i>	559
Abstracts/Résumés	
Manitoba Regional Meeting, 2010/Réunion régionale de l'Manitoba, 2010	565
Maritime Regional Meeting, 2010/Réunion régionale des Maritimes, 2010	568
Saskatchewan Regional Meeting, 2010/Réunion régionale de la Saskatchewan, 2010	573
Annual Index	
Annual index, Volume 33, 2011/Index annuel, Volume 33, 2011	574
