

Originals

Copper, zinc, calcium and magnesium profiles in subjects with autistic disorder according to their functioning level

1

Neomar Semprún-Hernández, Ana Paula Bohórquez-Visier, Alfonso Bravo Henríquez, Rogelio Colmenares Bohórquez, Fernando Hernández Medina, Eduard Maury-Sintjago and Nola Montiel Ocando

Magnesium supplementation effect on magnesium absorption during prolonged hypokinesia in rats

7

Yan G. Zorbas, Viktor A. Deogenov, Maxim A. Fedorov and Yuri F. Federenko

Ingesting iron together with white tea (*Camellia Sinensis*) may decrease its antioxidant capacity and phenolic content in human plasma

15

Dionysia Karabela, Antonios E. Koutelidakis, Charalambos Proestos, Michael Komaitis and Maria Kapsokefalou

Determination of trace elements in human hair: Optimization of washing procedure with a product of traditional pharmacopeia in Morocco "Rhassoul"

22

Sana El Fadeli, Mokhtar Chaik, Alain Pineau, Nadra Lekouch and Azeddine Sedki

Urine and saliva iodine levels in patients with dental caries and normal healthy volunteers

28

Mine Gulaboglu, Hayati Murat Akgul, Nilgün Akgul and Meltem Cetin

Selenium intakes and serum levels of healthy residents in Jinan, China

34

Ning Li and Xibao Gao

Bioaccumulation of Zn, Mn and Mo in healthy and cancerous mammary glands in dogs

42

Ewa M. Skibniewska, Tadeusz Kośla and Mihal Skibniewski

Gender-related differences in urinary excretion of magnesium in adolescents receiving valproate

48

Jurgita Grikinienė, Donatas Stakisaitis, Rimas Jonas Jankunas, Saule Uleckienė and Birute Obelenienė

The effects of cadmium on zinc and copper in rat kidney and metallothionein in a dose-effect study

54

Shigeru Saito

Trace elements (copper, zinc and selenium) in acute COPD exacerbation

59

Ural Koç, Demet Karnak, Güzin Ö. Kavas and Oya Kayacan

Prolonged periodic fluid redistribution effect on muscle sodium in healthy subjects during hypokinesia

65

Yan G. Zorbas, Victor A. Deogenov, Yuri F. Federenko and Pavel L. Merkov

Chromium-induced hearing
loss in rats and the protective
effect of copper and manganese 72

*Ke Zhan, Shurong Wu,
Xiaokang Ji, Ning Li, Jiang Yu
and Xibao Gao*

Effect of selenium on alumin-
ium-induced changes in the
translation system in mouse
liver in vivo 78

*Dale Viezeliene, Hiliaras
Rodovicus and Leonid Ivanov*

Letter to the Editor

Myeloperoxidase in chronic
kidney disease 83

*Caterina Carollo, Rosalia
Lo Presti and Gregorio Caimi*
