Liebscher and Klaus Kisters*

Evaluation of beneficial and
adverse effects on plants and
animals following lithium
deficiency and supplementa-
tion, and on humans following
lithium treatment of mood
disorders 91

Ulrich Schäfer

Magnesium therapy in
borderline hypertension 113

*Klaus Kisters, Franz Wessels,
Michael Q. Nguyen, Anna
Mitchell, Bernhard Gremmler,
Christoph Funke, Xenofon
Baraliakos, Bartholomäus
Kask, Martin Hausberg, Robert
Hunger, Dierck-H. Liebscher,
Ursula Liebscher and Faruk
Tokmak*

Oral calcium requires
magnesium prophylaxis 117

Hans-Georg Classen

Iodine content in milk from
German cows and in human
milk: new monitoring study 119

*Melanie Köhler, Anita Fechner,
Matthias Leiterer, Kathrin
Spörl, Thomas Remer, Ulrich
Schäfer and Gerhard Jahreis*

Influence of the geochemical
environment on fresh water
trace element levels in Greece 127

*Sophie Ermidou-Pollet,
Nikolaos Sabatakakis, Nikolaos
Sdougas and Serge Pollet*

Nutritional status and
prognosis of head and
neck cancer disease 132

*Jens Büntzel, Tina Krauß,
Heike Büntzel, Klaus Küttner,
Dietmar Fröhlich, Wolfgang
Oehler, Michael Glatzel,
Matthias Wackes, Jens
Putziger, Oliver Micke, Klaus
Kisters and Ralph Mücke*

Influence of cadmium ions on
the antioxidant status and lipid
peroxidation in mouse liver:
protective effects of zinc and
selenite ions 137

*Rasa Bernotiene, Laima
Ivanoviene, Ilona Sadauskiene,
Arunas Liekis and Leonid
Ivanov*

Iodine stimulates costimulatory
molecules expression on
cultured thyrocytes via
cytokines 143

*Lei Shi, Yushu Li, Weiping
Teng, Zhongyan Shan,
Jing Li and Chenling Fan*
