REVIEW

Dual- versus single-coil implantable defibrillator leads: review of the literature

J. Neuzner · J. Carlsson 239

ORIGINAL PAPERS

Circulating soluble lectin-like oxidized low-density lipoprotein receptor-1 levels are associated with proximal/middle segment of the LAD lesions in patients with stable coronary artery disease

M. Balin · A. Celik · M.A. Kobat 247

Cardiovascular magnetic resonance imaging (CMR) reveals characteristic pattern of myocardial damage in patients with mitochondrial myopathy

A. Yilmaz · H.-J. Gdynia · M. Ponfick · S. Rösch · A. Lindner · A.C. Ludolph · U. Sechtem 255

Implementation of pharmacotherapy guidelines in heart failure: experience from the German Competence Network Heart Failure

C. Zugck · J. Franke · G. Gelbrich · L. Frankenstein · T. Scheffold · S. Pankuweit · H.D. Duengen · V. Regitz-Zagrosek · B. Pieske · T. Neumann · M. Rauchhaus · C.E. Angermann · H.A. Katus · G.E. Ertl · S. Störk 263

Rapid assessment of longitudinal systolic left ventricular function using speckle tracking of the mitral annulus

S.J. Buss · D. Mereles · M. Emami · G. Korosoglou · J.H. Riffel · D. Bertel · S.O. Schonland · U. Hegenbart · H.A. Katus · S.E. Hardt 273

Concurrent drug eluting/bare metal stent implantation during percutaneous coronary intervention in target vessel: outcomes and 1-year follow-up

A. Cuneo · P. Bramlage · M. Hochadel · J. Senges · C. Nienaber · K.-H. Kuck · U. Tebbe 281

Polymorphisms of miRNAs genes are associated with the risk and prognosis of coronary artery disease

H. Zhi · L. Wang · G. Ma · X. Ye · X. Yu · Y. Zhu · Y. Zhang · J. Zhang · B. Wang 289

Sustained risk of recurrent thromboembolic events in patients with patent foramen ovale and paradoxical embolism: long-term follow-up over more than 15 years

D. Fischer · A. Gardiwal · J. Haentjes · G. Klein · G.-P. Meyer · H. Drexler · D. Hausmann · A. Schaefer 297

Efficacy and safety of a high loading dose of clopidogrel administered prehospitally to improve primary percutaneous coronary intervention in acute myocardial infarction: the randomized CIPAMI trial

U. Zeymer · H.-R. Arntz · B. Mark · S. Fichtlscherer · G. Werner · R. Schöller · R. Zahn · F. Diller · H. Darius · T. Dill · K. Huber 305

LETTERS TO THE EDITORS

Coronary artery fistula with myocardial infarction due to steal syndrome

T. Härle · K. Kronberg · A. Elsässer 313

Severe left main coronary stenosis in a young female patient, 6 years after mediastinal radiation therapy for non-Hodgkin lymphoma: assessment by coronary angiography and intravascular ultrasound

G. Korosoglou · A.V. Kristen · M. Andrassy · H.A. Katus · S.E. Hardt 317
