

## ORIGINALARBEITEN / ORIGINAL PAPERS

SHIOKAWA, M., KANAMARU, Y., YABE, T., AOKI, T.: Effect of lactose crystallization on the change in the viscosity of concentrated skim milk at low temperature.....	351-354
HERRERA-LEE, R.G., RIOS-FIGUEROA, H.V. NAKANO, T., OZIMEK, L., VERDALET-GUZMAN, I., ANGULO, O., SILVA-HERNANDEZ, E.R.: Adult perception while babies drink an infant formula: Detection of an unbalanced hedonic scale.....	355-358
REN, D., DUAN, C., HOU, J., HUO, G.: Effect of hydrolysis on true ileal amino acid digestibility of skim milk.....	358-361
SYRIDION, D., LAYEK, S.S., BEHERA, K., MOHANTY, T-K., KUMARESAN, A. MANIMARAN, A., DANG A.K., PRASAD, S.: Effects of parity, season, stage of lactation, and milk yield on milk somatic cell count, pH and electrical conductivity in crossbred cows reared under subtropical climatic conditions .....	362-365
SZAKÁLY, Z., POLERECZKI, Zs., SZIGETI, O., SZENTE, V.: Consumer judgement of nutritional benefits of dairy products	366-369
KIM, W.J., MIN, K.-Y., KIM, K.-T., LEE, N.-K., CHUNG, M.-S., CHO, S.W., PAIK, H.-D.: Antimicrobial effect of the extracts of a ginseng by-product produced by subcritical water extraction, nisin, and their combination against <i>Listeria monocytogenes</i> in milk products .....	370-373
TEPELLI, S., ATA, Z., ANAR, S., CARLI, K.T., EYIGOR, A.: Detection of <i>Listeria</i> spp. and <i>Listeria monocytogenes</i> in retail dairy products using the Vitek immunodiagnostic assay system LDUO method and ISO method 11290-1 .....	374-377
JONKUVIENE, D., SALOMSKIENE, J., GARMIENE, G., ZABORSKIENE, G.: Determination of fatty acid composition in <i>Bacillus cereus</i> isolated from dried milk products .....	377-380
SIVALINGAM, D., BALAGURU RAYAPPAN, J.B.: Development of e-nose prototype for raw milk quality discrimination .....	381-385
WANG, D., CHEN, J., XIAO, F., ZHANG, G., HUO, G.: Rapid and sensitive detection of <i>Escherichia coli</i> O157 in raw milk by loop-mediated isothermal amplification combined with chemo-sensor.....	385-388
SUN, W.C., FORMAGGIONI, P., FRANCESCHI, P., LUO, Y., SANDRI, S., MALACARNE, M., MARIANI, P., KONG, Q., SUMMER, A.: Physico-chemical properties, gross composition and nitrogen fractions of milk from Chinese Qinghai plateau yak ( <i>Bos grunniens</i> ) reared in two different altimetric zones .....	389-392
CAROLI, A.M., BULGARI, O., CHESSA, S., PAGNACCO, G., GIGLIOTTI, C.: Total lipase and protease activity in goat's milk: detection methods and preliminary study on variability sources.....	392-395
HAQ, M.R., KAPILA, R., SHANDILYA, U.K., DANG, A.K. KAPILA, S.: Detection of A1 and A2 genetic variants of $\beta$ -casein in Indian crossbred cattle by PCR-ACRS.....	396-398
ZHAO, X.-H., WANG, J., LI, T.J., ZHANG, Y.-H.: Degradation behaviors of seven organophosphorus pesticides in skimmed milk inoculated with <i>Streptococcus thermophilus</i> or <i>Lactobacillus helveticus</i> .....	399-401
PANDIT, A.J., ANAND, S.K., KALSCHUR, K.F., HASSAN, A.N.: Conjugated linoleic acid content in retail Cheddar cheeses 402-405	
DEMIR, C., KINIK, Ö., YERLIKAYA, O., ACU, M.: Effects of apple and lemon dietary fibers on some characteristics of low fat kefir.....	406-410
ALIZADEH, A., EHSANI, M.R., EZZATPANAH, H., MOUSAVI, G., DARABI, M., ROFEHGARINEJAD, L.: Effect of cow and sheep milk diet on plasma lipids in rats .....	410-412
DABABNEH, B.F.: Microbiological quality and occurrence of <i>Listeria monocytogenes</i> in ice cream using conventional methods and molecular technique.....	413-416
HUSSAIN, R., GAIANI, C., GHANBAJA, J., SCHER, J.: Morphological characterization of salt-induced whey protein aggregated species .....	417-420
ATTRI, P., JODHA, D. GANDHI, D., DHANDA, S.: Screening of intracellular, extracellular and membrane bound exopeptidases in lactic acid bacteria (LAB).....	421-424
BARANOWSKA, M., STANIEWSKI, B., BOHDZIEWICZ, K.: Effect of transglutaminase on selected properties of kefir.....	424-427
BEHERA, P., KUMAR, R., KAPILA, S., KAPILA, R.: Fractionation and characterisation of $\alpha$ , $\beta$ and $\kappa$ -casein trypsin hydrolysates from Buffalo ( <i>Bubalus bubalis</i> ) milk.....	428-432
MONCADA, M., ARYANA, K.J., Zhimin Xu Z., BOENEKE, Ch.: Comparative study of microbial counts and some volatile compounds of whole milk processed by sonication and high temperature short time (HTST) pasteurization .....	432-434
LING, L., BO, L., QING-KUN,Z., YAN, T., HAO-RU,N., BAHRAM, C.: Comparison of compositional and physical characteristics of alcohol positive milk from different buffalo breeds .....	435-439
LÓRINCZ, A., UNGER, Á., NOVÁK, A., SZABÓ, K., CSÁSZÁR, G., BUKOVICS, S., FÜLÖP, A., BALLA, C., FRIEDRICH, L., PÁSZTOR-HUSZÁR, K., SZALAI, L.: All-inclusive utilisation of sour whey components in different prototypes based on membrane separation.....	439-442
TOMCZYŃSKA-MLEKO, M.: Ion induced gelation of whey proteins as a new method to produce foamed globular protein gels .....	443-446
HASSAN, A.N., BISWAS, A.C.: Selection criteria of exopolysaccharide-producing cultures for reduced fat cheese with improved texture .....	447 - 450
Referate, Kurzberichte, Schnellinformationen / Abstracts, Short Information .....	451-463
Impressum .....	463
