

BEHAVIOUR, WELFARE, HUSBANDRY & ENVIRONMENT

Feed enzyme supplementation does not ameliorate foot pad dermatitis in broiler chickens fed on a corn-soyabean diet. Ö. Cengiz, J.B. Hess and S.F. Bilgili 401

Corticosterone, cortisol, triglycerides, aspartate aminotransferase and uric acid plasma concentrations during foie gras production in male mule ducks (Anas platyrhynchos × Cairina moschata). A. Flament, V. Delleur, A. Poulipoulis and D. Marlier 408

Influence of crate height during slaughter transport on the welfare of male turkeys. A. Wichman, M. Norring, L. Voutila, M. Pastell, A. Valros, B. Algers and L. Hänninen 414

Backyard chicken keeping in the Greater London Urban Area: welfare status, biosecurity and disease control issues. I. Karabozhilova, B. Wieland, S. Alonso, L. Salonen and B. Häslér 421

GENETICS

Effects of fish oil and conjugated linoleic acids on carnitine homeostasis in laying hens. M. Shibani, J. Keller, B. König, H. Kluge, F. Hirche, G.I. Stangl, R. Ringseis and K. Eder 431

Effects of contact dermatitis on hepatic gene expression in broilers. L. Sherlock, D.E.F. McKeegan, Z. Cheng, C.M. Wathes and D.C. Wathes 439

Polymorphisms of the PNPLA3 gene and their associations with chicken growth and carcass traits. L. Su, S.H. Wang, R.L. Han, G.R. Sun, Y.C. Bai, S.J. Lv and X.T. Kang 453

Characterisation of tetra-nucleotide microsatellite loci in the ostrich (Struthio camelus). J.M. Ledger, I. Malecki and D.M. Groth 460

HEALTH & IMMUNOLOGY

Virulence-associated genes in avian pathogenic Escherichia coli from laying hens in Apulia, southern Italy. E. Circella, D. Pennelli, S. Tagliabue and A. Camarda 465

MEAT & EGG SCIENCE

Effects of dietary glutamine and gamma-aminobutyric acid on meat colour, pH, composition, and water-holding characteristic in broilers under cyclic heat stress. S.F. Dai, F. Gao, X.L. Xu, W.H. Zhang, S.X. Song and G.H. Zhou 471

NUTRITION & METABOLISM

A multi-microbe probiotic formulation processed at low and high drying temperatures: effects on growth performance, nutrient retention and caecal microbiology of broilers. Y.H. Shim, S.L. Ingale, J.S. Kim, K.H. Kim, D.K. Seo, S.C. Lee, B.J. Chae and I.K. Kwon 482

Evaluating the impact of excess dietary tryptophan on laying performance and immune function of laying hens reared under hot and humid summer conditions. X.Y. Dong, M.M.M. Azzam, W. Rao, D.Y. Yu and X.T. Zou 491

The effect of glycerol on mRNA expression of growth hormone, insulin-like growth factor, and mitochondrial breast muscle genes of Japanese quail. E. Gasparino, S.E.F. Guimarães, A.R. Oliveira Neto, E.N. Martins, P.S. Lopes, E. Batista and A.P.D. Vesco 497

Effect of supplementation of the laying hen diet with olive leaves (Olea europea L.) on lipid oxidation and fatty acid profile of α -linolenic acid enriched eggs during storage. E. Botsoglou, A. Govaris, D. Fletouris and N. Botsoglou 508

PHYSIOLOGY, ENDOCRINOLOGY & REPRODUCTION

Changes in plasma gonadotrophins, 17 β -oestradiol, progesterone, prolactin, thyroxine and triiodothyronine concentrations in female Japanese quail (Coturnix coturnix japonica) of a heavy body weight line during photo-induced ovarian growth and regression. S.J. Henare, M. Kikuchi, R.T. Talbot and J.F. Cockrem 520

Changes in body temperature during growth and in response to fasting in growing modern meat type chickens. K. Christensen, Y. Vizzier Thaxton, J.P. Thaxton and C.G. Scanes 531

Early-age cold conditioning of broilers: effects of timing and temperature. M.H. Shahir, S. Dilmagani and B. Tzschentke 538

Effects of lycopene on in vitro quality and lipid peroxidation in refrigerated and cryopreserved turkey spermatozoa. M.P. Rosato, G. Centoducati, M.P. Santacroce and N. Iaffaldano 545
