

# Grass and Forage Science

## Contents

- 1 H. Dove and A. Hopkins  
Editorial
- 2 B. Keogh, T. McGrath and J. Grant  
The effect of sowing date and nitrogen on the dry-matter yield and nitrogen content of forage rape (*Brassica napus* L.) and stubble turnips (*Brassica rapa* L.) in Ireland
- 13 A. L. Fletcher and E. Chakwizira  
Developing a critical nitrogen dilution curve for forage brassicas
- 24 M. R. Islam and S. C. Garcia  
Rates and timing of nitrogen fertilizer application on yield, nutritive value and nutrient-use efficiency of early- and late-sown forage maize
- 34 T. F. Bernardes, L. G. Nussio and R. C. do Amaral  
Top spoilage losses in maize silage sealed with plastic films with different permeabilities to oxygen
- 43 S. S. Stabile, A. P. Bodini, L. Jank, F. P. Rennó, M. V. Santos and L. F. P. Silva  
Expression of genes from the lignin synthesis pathway in guineagrass genotypes differing in cell-wall digestibility
- 55 M. Tsutsumi, Y. Takahashi, S. Emoto, N. Ito, S. Sahara, T. Yoshimura and T. Watanabe  
Simple prediction of crude protein content in vegetation growing on abandoned cultivated land
- 64 A. Michaud, D. Andueza, F. Picard, S. Plantureux and R. Baumont  
Seasonal dynamics of biomass production and herbage quality of three grasslands with contrasting functional compositions
- 77 D. F. Chapman, J. Tharmaraj, M. Agnusdei and J. Hill  
Regrowth dynamics and grazing decision rules: further analysis for dairy production systems based on perennial ryegrass (*Lolium perenne* L.) pastures
- 96 M. R. Islam and S. C. Garcia  
Effects of sowing date and nitrogen fertilizer on forage yield, nitrogen- and water-use efficiency and nutritive value of an annual triple-crop complementary forage rotation
- 111 R. J. Orr, B. A. Griffith, J. E. Cook and R. A. Champion  
Ingestion and excretion of nitrogen and phosphorus by beef cattle under contrasting grazing intensities
- 119 H. Lindqvist, E. Nadeau and S. K. Jensen  
Alpha-tocopherol and  $\beta$ -carotene in legume–grass mixtures as influenced by wilting, ensiling and type of silage additive
- 129 J. M. B. Vendramini, J. D. Arthington and A. T. Adesogan  
Effects of incorporating cowpea in a subtropical grass pasture on forage production and quality and the performance of cows and calves
- 136 A. Farruggia, B. Dumont, A. Scohier, T. Leroy, P. Pradel and J.-P. Garel  
An alternative rotational stocking management designed to favour butterflies in permanent grasslands
- 150 Book reviews
- 152 Erratum
