MULTIDISCIPLINARY RESEARCH ON

Eating and Drinking

Volume 58, Issue 1, 2012

Contents

Association between food marketing exposure and adolescents' food choices and eating behaviors M. Scully, M. Wakefield, P. Niven, K. Chapman, D. Crawford, I.S. Pratt, L.A. Baur, V. Flood, B. Morley, and for the NaSSDA Study Team	1-5
Impulsivity in the supermarket. Responses to calorie taxes and subsidies in healthy weight undergraduates J.C.A.H. Giesen, R.C. Havermans, C. Nederkoorn and A. Jansen	6-10
The role of energetic value in dynamic brain response adaptation during repeated food image viewing C.V. Lietzl, M.M. Murray, J. Hudry, J. le Coutre and U. Toepel	11-18
Comparison of sensory, physiological, personality, and cultural attributes in regular spicy food users and non-users M.-J. Ludy and R.D. Mattes	19-27
Do techniques that increase fruit intake also increase vegetable intake? Evidence from a comparison of two implementation intention interventions J. Chapman and C.J. Armitage	28-33
Determinants and nutritional implications associated with low-fat food consumption P. Mullie, L. Godderis and P. Clarys	34-38
Can we cut out the meat of the dish? Constructing consumer-oriented pathways towards meat substitution H. Schösler, J. de Boer and J.J. Boersema	39-47
Effect of salt intensity in soup on <i>ad libitum</i> intake and on subsequent food choice D.P. Bolhuis, C.M.M. Lakemond, R.A. de Wijk, P.A. Luning and C. de Graaf	48-55
Voluntary drinking behaviour, fluid balance and psychological affect when ingesting water or a carbohydrate-electrolyte solution during exercise O.J. Peacock, D. Thompson and K.A. Stokes	56-63
Children's food choice process in the home environment. A qualitative descriptive study J.E. Holsten, J.A. Deatrick, S. Kumanyika, J. Pinto-Martin and C.W. Compher	64-73
The relationships between eating habits, smoking and alcohol consumption, and body mass index among baby boomers A. Worsley, W.C. Wang and W. Hunter	74-80
The effect of high lactose-isomaltulose on cognitive performance of young children. A double blind cross-over design study M.N. Mohd Taib, Z. Mohd Shariff, K.A. Wesnes, H. Abu Saad and S. Sariman	81-87

Food cravings discriminate differentially between successful and unsuccessful dieters and non-dieters. Validation of the Food Cravings Questionnaires in German A. Meule, A. Lutz, C. Vögele and A. Kübler	88-97
Nutrition and culture in professional football. A mixed method approach M. Ono, E. Kennedy, S. Reeves and L. Cronin	98-104
Fries or a fruit bag? Investigating the nutritional composition of fast food children's meals L. Wellard, C. Glasson and K. Chapman	105-110
Experimental effects of chocolate deprivation on cravings, mood, and consumption in high and low chocolate-cravers S. Moreno-Dominguez, S. Rodríguez-Ruiz, M. Martín and C.S. Warren	111-116
Effects of meal frequency and snacking on food demand in mice D. Atalayer and N.E. Rowland	117-123
Diet and anxiety. An exploration into the Orthorexic Society C. Rangel, S. Dukeshire and L. MacDonald	124-132
Attentional bias in restrictive eating disorders. Stronger attentional avoidance of high-fat food compared to healthy controls? E.M. Veenstra and P.J. de Jong	133-140
Vegetarianism. A blossoming field of study M.B. Ruby	141-150
Stability and continuity of parentally reported child eating behaviours and feeding practices from 2 to 5 years of age C. Farrow and J. Blissett	151-156
Food reinforcement and obesity. Psychological moderators L.H. Epstein, H. Lin, K.A. Carr and K.D. Fletcher	157-162
How much is enough? Tablespoon per year of age approach meets nutrient needs for children S.A. Ramsay, L.J. Branen and S.L. Johnson	163-167
Willingness to pay for wholesome canteen takeaway J. Nordström	168-179
Dietary diversity and food expenditure as indicators of food security in older Taiwanese Y.-T. Lo, Y.-H. Chang, M.-S. Lee and M.L. Wahlqvist	180-187
Predictors of taste acuity in healthy older Europeans E.E.A. Simpson, G. Rae, H. Parr, J.M. O'Connor, M. Bonham, A. Polito, N. Meunier, M. Andriollo-Sanchez, F. Intorre, C. Coudray, J.J. Strain and B. Stewart-Knox	188-195
Using a novel computer-based approach to assess the acute effects of exercise on appetite-related measures N.M.F. Farah, J.M. Brunstrom and J.M.R. Gill	196-204
Understanding the motives for food choice in Western Balkan Countries J. Milošević, I. Žeželj, M. Gorton and D. Barjolle	205-214
Dietary manipulations influence sucrose acceptance in diet induced obese mice A.W. Johnson	215-221
The effect of images of thin and overweight body shapes on women's ambivalence towards chocolate K. Durkin, K. Rae and W.G.K. Stritzke	222-226
Availability and accessibility of healthier options and nutrition information at New Zealand fast food restaurants A. Chand, H. Eyles and C. Ni Mhurchu	227-233
Psycho-markers of weight loss. The roles of TFEQ Disinhibition and Restraint in exercise-induced weight management E.J. Bryant, P. Caudwell, M.E. Hopkins, N.A. King and J.E. Blundell	234-241
Salad and satiety. The effect of timing of salad consumption on meal energy intake L.S. Roe, J.S. Meengs and B.J. Rolls	242-248
Reliability of laboratory measurement of human food intake R. Laessle and L. Geiermann	249-251
How to tell where 'liking' ends and 'wanting' begins R.C. Havermans	252-255
Retailer branding of consumer sales promotions. A major development in food marketing? R.P. Hamlin, S. Lindsay and A. Insch	256-264
How do life style factors relate to general health and overweight? T. van Strien and P.G. Koenders	265-270
Predictors of mother-daughter resemblance in dietary intake. The role of eating styles, mothers' consumption, and closeness I. Prichard, K. Hodder, A. Hutchinson and C. Wilson	271-276
Moderation of distress-induced eating by emotional eating scores T. van Strien, C.P. Herman, D.J. Anschutz, R.C.M.E. Engels and C. de Weerth	277-284
Assessing the impact of a Christmas advertisement campaign on Catalan wine preference using Choice Experiments Z. Kallas, C. Escobar and J.M. Gil	285-298
The mathematical relationship between dishware size and portion size I.S. Pratt, E.J. Croager and M. Rosenberg	299-302
Greater corticolimbic activation to high-calorie food cues after eating in obese vs. normal-weight adults A. Dimitropoulos, J. Tkach, A. Ho and J. Kennedy	303-312

(Contents continued from previous page)

Application of the Theory of Planned Behaviour to weight control in an overweight cohort. Results from a pan-European dietary intervention trial (DiOGenes) A. McConnon, M. Raats, A. Astrup, M. Bajzová, T. Handjieva-Darlenska, A.K. Lindroos, J.A. Martinez, T.M. Larson, A. Papadaki, A. Pfeiffer, M.A. van Baak and R. Shepherd	313-318
To eat or not to eat red meat. A closer look at the relationship between restrained eating and vegetarianism in college females C.A. Forestell, A.M. Spaeth and S.A. Kane	319-325
Family characteristics predicting favourable changes in 10 and 11-year-old children's lifestyle-related health behaviours during an 18-month follow-up C. Ray and E. Roos	326-332
Prefrontal cortex transcranial direct current stimulation associated with aerobic exercise change aspects of appetite sensation in overweight adults R.A. Montenegro, A.H. Okano, F.A. Cunha, J.L. Gurgel, E.B. Fontes and P.T.V. Farinatti	333-338
Relationships between tea and other beverage consumption to work performance and mood J. Bryan, M. Tuckey, S.J.L. Einöther, U. Garczarek, A. Garrick and E.A. De Bruin	339-346
Parental feeding practices and socioeconomic status are associated with child adiposity in a multi-ethnic sample of children M. Cardel, A.L. Willig, A. Dulin-Keita, K. Casazza, T. Mark Beasley and J.R. Fernández	347-353
Functional food and satiety. Impact of a satiating context effect on appetite control of non-obese men H. Arguin, M. Gagnon-Sweeney, É. Pigeon and A. Tremblay	354-363
Parental and child fruit consumption in the context of general parenting, parental education and ethnic background G. Rodenburg, A. Oenema, S.P.J. Kremers and D. van de Mheen	364-372
Current progress in the assessment of 'liking' vs. 'wanting' food in human appetite. Comment on "'You Say it's Liking, I Say it's Wanting...". On the difficulty of disentangling food reward in man' G. Finlayson and M. Dalton	373-378
<i>Ascophyllum nodosum</i> enriched bread reduces subsequent energy intake with no effect on post-prandial glucose and cholesterol in healthy, overweight males. A pilot study A.C. Hall, A.C. Fairclough, K. Mahadevan and J.R. Paxman	379-386
Brisk walking reduces ad libitum snacking in regular chocolate eaters during a workplace simulation H. Oh and A.H. Taylor	387-392
Caregiver's Feeding Styles Questionnaire. Establishing cutoff points S.O. Hughes, M.B. Cross, E. Hennessy, A. Tovar, C.D. Economos and T.G. Power	393-395
Perceptions of the food marketing environment among African American teen girls and adults W.S. Bibeau, B.I. Saksvig, J. Gittelsohn, S. Williams, L. Jones and D.R. Young	396-399
Effect of consumption of dark chocolate on oxidative stress in lipoproteins and platelets in women and in men L. Nanetti, F. Raffaelli, A.L. Tranquilli, R. Fiorini, L. Mazzanti and A. Vignini	400-405
The influence of lifestyle on health behavior and preference for functional foods Z. Szakály, V. Szente, G. Kövér, Z. Polereczki and O. Szigeti	406-413
Measuring satiety with pictures compared to visual analogue scales. An exploratory study B.C. Sadoul, E.A.H. Schuring, T. Symersky, D.J. Mela, A.A.M. Masclee and H.P.F. Peters	414-417
Higher salt preference in heart failure patients J.T. de Souza, L.S. Matsubara, J.V. Menani, B.B. Matsubara, A.K. Johnson and J.I.F. De Gobbi	418-423
Acknowledgement to the Appetite referees for 2011	424-428
