### Botany

- Gang, H., Xue-yong, Z., Padilla, F.M. & Ha-lin, Z. Fine root dynamics and longevity of *Artemisia halodendron* reflect plant growth strategy in two contrasting habitats ..... 1

### Zoology

- Tirado, C., Cortés, A., Miranda-Urbina, E. & Carretero, M.A. Trophic preferences in an assemblage of mammal herbivores from Andean Puna (Northern Chile) ..... 8
- Pelegriñ, N. & Bucher, E.H. Effects of habitat degradation on the lizard assemblage in the Arid Chaco, central Argentina . . . 13

### Water and Soil

- Law, D.J., Breshears, D.D., Ebinger, M.H., Meyer, C.W. & Allen, C.D. Soil C and N patterns in a semiarid piñon–juniper woodland: Topography of slope and ephemeral channels add to canopy–intercanopy heterogeneity. . . . . 20
- Munson, S.M., Lauenroth, W.K. & Burke, I.C. Soil carbon and nitrogen recovery on semiarid Conservation Reserve Program lands . . . . . 25
- Lokier, S.W. Development and evolution of subaerial halite crust morphologies in a coastal sabkha setting. . . . . 32
- Khalaf, F.I. & AlShuaibi, A.A. Occurrence and characteristics of Quaternary calcareous microbialitic crust in the southern desert of Kuwait, Arabian Gulf . . . . . 48
- Glenn, E.P., Morino, K., Nagler, P.L., Murray, R.S., Pearlstein, S. & Hultine, K.R. Roles of saltcedar (*Tamarix* spp.) and capillary rise in salinizing a non-flooding terrace on a flow-regulated desert river. . . . . 56

### Climatology

- Awadallah, A.G. & Younan, N.S. Conservative design rainfall distribution for application in arid regions with sparse data . . . 66

### Landscape

- Cabello, J., Alcaraz-Segura, D., Ferrero, R., Castro, A.J. & Liras, E. The role of vegetation and lithology in the spatial and inter-annual response of EVI to climate in drylands of Southeastern Spain. . . . . 76
- Ross, M.R., Castle, S.C. & Barger, N.N. Effects of fuels reductions on plant communities and soils in a Piñon-juniper woodland. . . . . 84

### Biological Soil Crusts

- Root, H.T. & McCune, B. Regional patterns of biological soil crust lichen species composition related to vegetation, soils, and climate in Oregon, USA. . . . . 93

### Grazing

- Louhaichi, M., Ghassali, F., Salkini, A.K. & Petersen, S.L. Effect of sheep grazing on rangeland plant communities: Case study of landscape depressions within Syrian arid steppes . . . . . 101

### Short Communications
