

JOURNAL OF ENVIRONMENTAL SCIENCE AND HEALTH

Part B—Pesticides, Food Contaminants, and Agricultural Wastes

VOLUME 47 • ISSUE 1 • JANUARY 2012

ARTICLES

- Chromosomal aberrations in ovine lymphocytes exposed *in vitro* to tolylfluanid** 1
Irena Šutiaková, Natália Kovalkovičová and Václav Šutiak
- In Vitro* effects of various xenobiotics on *Azotobacter chroococcum* strains isolated from soils of southern Poland** 7
Anna M. Lenart
- Soil dissipation of juvenile hormone analog insecticide pyriproxyfen and its effect on the bacterial community** 13
Ching S. Chang, Jui H. Yen, Wen C. Chen and Yei S. Wang
- Sorption of acidic organic solute onto kaolinitic soils from methanol-water mixtures** 22
Juhee Kim, Minhee Kim, Seunghun Hyun, Jeong-Gyu Kim and Yong Sik Ok
- Impact of long-term wastewater irrigation on sorption and transport of atrazine in Mexican agricultural soils** 30
K. Müller, C. Duwig, B. Prado, C. Siebe, C. Hidalgo and J. Etchevers
- Estimation of β -cyfluthrin and imidacloprid in okra fruits and soil by chromatography techniques** 42
S. K. Sahoo, G. S. Chahil, Kousik Mandal, R. S. Battu and Balwinder Singh
- Fluoxetine effects on sheepshead minnow (*Cyprinodon variegatus*) locomotor activity** 51
Virginia L. Winder, Paul L. Pennington, Mark W. Hurd and Ed F. Wirth
- Assays of dioxins and dioxin-like compounds in actually contaminated soils using transgenic tobacco plants carrying a recombinant mouse aryl hydrocarbon receptor-mediated β -glucuronidase reporter gene expression system** 59
Hideyuki Inui, Keiko Gion, Yasushi Utani, Taketo Wakai, Susumu Kodama, Heesoo Eun, Yun-Seok Kim and Hideo Ohkawa
