

Irrigation and Drainage

wileyonlinelibrary.com/journal/ird

CONTENTS

Comparative Analysis of Design Methods of Pressurized Irrigation Networks: C. González-Cebollada and B. Macarulla	1
Two Explicit Optimum Design Methods for a Simple Irrigation Delivery System: Comparative Application: N. Dercas and J. D. Valiantzas	10
Evaluation of Hydraulic Performance of Downstream-Controlled Maira-PHLC Irrigation Canals Under Crop-Based Irrigation Operations: S. Munir, B. Schultz, F. X. Suryadi and L. Bharati	20
Facilitation of Operation and Maintenance Activities of Irrigation Networks Using a K-Means Clustering Method: Case Study of the Ghazvin Irrigation Network: S. M. Hashemy and M. J. Monem	31
Farmers' Practices and Community Management of Irrigation: Why do they not Match in Fatnassa Oasis?: W. Ghazouani, S. Marlet, I. Mekki, L. W. Harrington and A. Vidal	39
Effects of Seasonal Water Use and Applied N Fertilizer on Wheat Water Productivity Indices: A. Montazar and B. Azadegan	52
Spatial Mapping of Agricultural Water Productivity Using the SWAT Model in Upper Bhima Catchment, India: K. K. Garg, L. Bharati, A. Gaur, B. George, S. Acharya, K. Jella and B. Narasimhan	60
Efficacy of Partial Root Drying Technique for Optimizing Soybean Crop Production in Semi-Arid Regions: M. S. Tabrizi, M. Parsinejad and H. Babazadeh	80
Effect of Different Quantities of Supplemental Irrigation and its Salinity on Yield and Water Use of Winter Wheat (<i>Triticum aestivum</i>): A. R. Kiani and S. M. Mirlatifi	89
Modelling Drainage Water Salinity for Agricultural Lands Under Leaching Using Artificial Neural Networks: S. M. Kashfipour, M. K. Sadr and A. A. Naseri	99
Potential Use of Saline Water for Irrigating Shelterbelt Plants in the Arid Region: M. Hu, S. Kang, J. Zhang, F. Li, T. Du and L. Tong	107
Flood Frequency Analysis of Various Dams and Barrages in Pakistan: S. Afreen and F. Muhammad	116
Evaluation of Groundwater Resources and Estimation of Stage of Groundwater Development in a Basin – A Case Study: G. N. Pradeep Kumar and P. Srinivas	129
ICID: 21st ICID Congress 2011, Tehran, Iran: Water Productivity Towards Food Security: M. Gopalakrishnan.....	140
Guest Editors and Referees 2011	142
