

CONTENTS

- Hussain Q., Pan G.X., Liu Y.Z., Zhang A., Li L.Q., Zhang X.H., Jin Z.J.:
Microbial community dynamics and function associated with rhizosphere
over periods of rice growth 55
- Wang H., Wu Z., Zhou Y., Han J., Shi D.:
Effects of salt stress on ion balance and nitrogen metabolism in rice 62
- Růžek L., Růžková M., Voříšek K., Vráblíková J., Vráblík P.:
Slit seeded grass-legume mixture improves coal mine reclamation 68
- Černý J., Balík J., Kulhánek M., Vašák F., Peklová L., Sedlár O.:
The effect of mineral N fertiliser and sewage sludge on yield and nitrogen
efficiency of silage maize 76
- Vooková B., Hřib J., Adamec V.:
Testing of Algerian fir zygotic and somatic embryos on defence reactions in vitro 84
- Krofta K., Pokorný J., Kudrna T., Ježek J., Pulkrábek J., Křivánek J., Bečka D.:
The effect of application of copper fungicides on photosynthesis parameters
and level of elementary copper in hops 91
- Zhu Q.H., Huang D.Y., Liu S.L., Luo Z.C., Zhu H.H., Zhou B., Lei M., Rao Z.X., Cao X.L.:
Assessment of single extraction methods for evaluating the immobilization effect
of amendments on cadmium in contaminated acidic paddy soil 98
