

LAND DEGRADATION & DEVELOPMENT

wileyonlinelibrary.com/journal/ldr

Volume 23 Number 2 March–April 2012

CONTENTS

Financial Cost–Benefit Analysis of Bench Terraces in Rwanda A. R. Bizoza and J. De Graaff	103
Seedling Recruitment and Survival of Two Desert Grasses in the Monte of Argentina C. A. Busso, G. L. Bonvissuto and Y. A. Torres	116
Continuing Land Degradation: Cause–Effect in Ethiopia's Central Rift Valley D. T. Meshesha, A. Tsunekawa and M. Tsubo	130
Growth and Nutrition of <i>Holcus lanatus</i> in Bauxite Residue Amended with Combinations of Spent Mushroom Compost and Gypsum R. Courtney and T. Harrington	144
Seeding and Mulching+Seeding Effects on Post-Fire Runoff, Soil Erosion and Species Diversity in Galicia (NW Spain) C. Fernández, J. A. Vega, E. Jiménez, D. C. S. Vieira, A. Merino, A. Ferreiro and T. Fonturbel ...	150
The Onsite Cost of Gully Erosion and Cost-Benefit of Gully Rehabilitation: A Case Study in Ethiopia T. W. Yitbarek, S. Belliethathan and L. C. Stringer	157
Tree Species Diversity, Species Regeneration and Biological Productivity of Seeded <i>Acacia catechu</i> Willd. in Rehabilitated Limestone Mines in the North West Indian Himalayas A. Raizada and G. P. Juyal	167
Soil Salinity Development in the Yellow River Delta in Relation to Groundwater Dynamics X. Fan, B. Pedroli, G. Liu, Q. Liu, H. Liu and L. Shu	175
Changing Predictors of Spatial and Temporal Variability in Stocking Rates in a Severely Degraded Communal Rangeland S. Vetter and W. J. Bond	190
Book Reviews	200
