Familiarity with and affective responses to foods in 8–11-year-old children. The role of food neophobia and parental education S. Mustonen, P. Oerlemans and H. Tuorila	777–780
Dieting and food craving. A descriptive, quasi-prospective study A. Massey and A.J. Hill	781–785
Exercise promotes positive impression formation towards both men and women R.B. Kanarek, W.F. Mathes and K.E. D'Anci	786–789
Spatiotemporal dynamics of the hedonic processing of chocolate images in individuals with and without trait chocolate craving D. Asmaro, F. Jaspers-Fayer, V. Sramko, I. Taake, P. Carolan and M. Liotti	790–799
Habituation to the pleasure elicited by sweetness in lean and obese women M.Y. Pepino and J.A. Mennella	800–805
Power of food moderates food craving, perceived control, and brain networks following a short-term post-absorptive state in older adults W. J. Rejeski, J. Burdette, M. Burns, A.R. Morgan, S. Hayasaka, J. Norris, D.A. Williamson and P.J. Laurienti	806–813
Container size influences snack food intake independently of portion size D. Marchiori, O. Corneille and O. Klein	814–817
Lactate infusion during euglycemia but not hypoglycemia reduces subsequent food intake in healthy men B. Schultes, S.M. Schmid, B. Wilms, K. Jauch-Chara, K.M. Oltmanns and M. Hallschmid	818–821
Differentiating between successful and unsuccessful dieters. Validity and reliability of the <i>Perceived Self-Regulatory Success in Dieting Scale</i> A. Meule, E.K. Papies and A. Kübler	822–826
A delicious fly in the soup. The relationship between disgust, obesity, and restraint K. Houben and R.C. Havermans	827–830
Effects of rapid or slow weight loss on body composition and metabolic risk factors in obese postmenopausal women. A pilot study M. Sénéchal, H. Arguin, D.R. Bouchard, A.C. Carpentier, J.-L. Ardilouze, I.J. Dionne and M. Brochu	831–834
Do implicit measures of attitudes incrementally predict snacking behaviour over explicit affect-related measures? K. Ayres, M.T. Conner, A. Prestwich and P. Smith	835–841
Relationships between sensory sensitivity, anxiety and selective eating in children C.V. Farrow and H. Coulthard	842–846
Dealing with problematic eating behaviour. The effects of a mindfulness-based intervention on eating behaviour, food cravings, dichotomous thinking and body image concern H.J.E.M. Aiberts, R. Thewissen and L. Raes	847–851
Stimulus specificity but no dishabituation of sensory-specific satiety R.C. Havermans	852–855
Food choice as a multidimensional experience. A qualitative study with young African American women T.M.J. Antin and G. Hunt	856–863
Social norms in food intake among normal weight and overweight children K.E. Bevelander, D.J. Anschutz and R.C.M.E. Engels	864–872
Monitoring and normalising a lack of appetite and weight loss. A discursive analysis of an online support group for bariatric surgery J. Cranwell and S. Seymour-Smith	873–881
Categorization of foods as "snack" and "meal" by college students D. Wadhera and E.D. Capaldi	882–888
Validation of a buffet meal design in an experimental restaurant X. Alliot, L. Saulais, E. Disse, H. Roth, C. Cazal and M. Laville	889–897
Drug use is associated with elevated food consumption in college students L.J. Nolan and M.R. Stolze	898–906

(Contents continued from inside back cover)

Sensitivity of <i>ad libitum</i> meals to detect changes in hunger. Restricted-item or multi-item testmeals in the design of preload appetite studies K.R. Wiessing, L. Xin, A.-T. McGill, S.C. Budgett, C.M. Strik and S.D. Poppitt	1076–1082
Chewing gum, occupational stress, work performance and wellbeing. An intervention study A.P. Smith, K. Chaplin and E. Wadsworth	1083–1086
Non-food odorants reduce chocolate cravings E. Kemps, M. Tiggemann and S. Bettany	1087–1090
Susceptibility to weight gain. Eating behaviour traits and physical activity as predictors of weight gain during the first year of university G. Finlayson, J. Cecil, S. Higgs, A. Hill and M. Hetherington	1091–1098
Qualitative research using photo-elicitation to explore the role of food in family relationships among obese adolescents J. Lachal, M. Speranza, O. Taïeb, B. Falissard, H. Lefèvre, QUALIGRAMH, M.-R. Moro and A. Revah-Levy	1099–1105
Physiological responses of food neophobics and food neophilics to food and non-food stimuli B. Raudenbush and A. Capiola	1106–1108
Reduced food intake after exposure to subtle weight-related cues T.A. Brunner and M. Siegrist	1109–1112
Children and eating. Personality and gender are associated with obesogenic food consumption and overweight in 6- to 12-year-olds M.E. Vollrath, S.E. Hampson and P.B. Júlíusson	1113–1117
Consumers' willingness to pay for beef direct sales. A regional comparison across the Pyrenees A.I. Sanjuán, H. Resano, G. Zeballos, P. Sans, N. Panella-Riera, M.M. Campo, S. Khlijji, A. Guerrero, M.A. Oliver, C. Sañudo and P. Santolaria	1118–1127
Family meals. Associations with weight and eating behaviors among mothers and fathers J.M. Berge, R.F. MacLehose, K.A. Loth, M.E. Eisenberg, J.A. Fulkerson and D. Neumark-Sztainer	1128–1135
More than just a pretty face. The relationship between infant's temperament, food acceptance, and mothers' perceptions of their enjoyment of food C.A. Forestell and J.A. Mennella	1136–1142
Sweet and salty. An assessment of the snacks and beverages sold in vending machines on US post-secondary institution campuses C. Byrd-Bredbenner, M. Johnson, V.M. Quick, J. Walsh, G.W. Greene, S. Hoerr, S.M. Colby, K.K. Kattelman, B.W. Phillips, T. Kidd and T.M. Horacek	1143–1151
Mere exposure and flavour-flavour learning increase 2–3 year-old children's acceptance of a novel vegetable H. Hausner, A. Olsen and P. Møller	1152–1159
Restrained eaters preserve top-down attentional control in the presence of food S. Hotham, D. Sharma and K. Hamilton-West	1160–1163
Validation of food diaries as measures of dietary behaviour change S.L. Pears, M.C. Jackson, E.J. Bertenshaw, P.J. Horne, C. Fergus Lowe and M. Erjavec	1164–1168
The association for the study of obesity conference on diabetes and obesity. 10th November 2011, London, United Kingdom S. Williams and S. Higgs	1169–1176
Calendar of Events	I
Affiliated Societies,	II

Food intake in response to food-cue exposure. Examining the influence of duration of the cue exposure and trait impulsivity J.K. Larsen, R.C.J. Hermans and R.C.M.E. Engels	907-913
For me the taste of soy is not a barrier to its consumption. And how about you? V.P. Tu, F. Husson, A. Sutan, D.T. Ha and D. Valentin	914-921
Child-feeding practices among Chinese-American and non-Hispanic white caregivers S.H. Huang, E.P. Parks, S.K. Kumanyika, S.A. Grier, J. Shults, V.A. Stallings and N. Stettler	922-927
Integration of ethnic food into Swedish food rituals. The cultural fitness of tacos C. Solér and M.C. Plazas	928-935
Emotional eating and its effect on eating behaviour after a natural disaster R.G. Kuijjer and J.A. Boyce	936-939
Dish influences implicit gender-based food stereotypes among young Japanese adults A. Kimura, Y. Wada, A. Asakawa, T. Masuda, S.-i. Goto, I. Dan and T. Oka	940-945
Appetite, energy intake and resting metabolic responses to 60 min treadmill running performed in a fasted versus a postprandial state K. Deighton, J.C. Zahra and D.J. Stensel	946-954
Use of a clay modeling task to reduce chocolate craving J. Andrade, S. Pears, J. May and D.J. Kavanagh	955-963
Negative affect and neural response to palatable food intake in bulimia nervosa C. Bohon and E. Stice	964-970
Individual differences affecting caffeine intake. Analysis of consumption behaviours for different times of day and caffeine sources B. Penolazzi, V. Natale, L. Leone and P.M. Russo	971-977
Fasting for 24 h improves nasal chemosensory performance and food palatability in a related manner J.D. Cameron, G.S. Goldfield and É. Doucet	978-981
Will the real vegetarian please stand up? An investigation of dietary restraint and eating disorder symptoms in vegetarians versus non-vegetarians C.A. Timko, J.M. Hormes and J. Chubski	982-990
Disliked food acting as a contaminant in a sample of young children S.D. Brown, G. Harris, L. Bell and L.M. Lines	991-996
Promoting fruit and vegetable consumption. Testing an intervention based on the theory of planned behaviour E.J. Kothe, B.A. Mullan and P. Butow	997-1004
Obesity trends and determinants in Indonesia C. Roemling and M. Qaim	1005-1013
Changing micronutrient intake through (voluntary) behaviour change. The case of folate B.B. Jensen, L. Lähteenmäki, K.G. Grunert, K.A. Brown, L. Timotijevic, J. Barnett, R. Shepherd and M.M. Raats	1014-1022
The personality trait self-directedness predicts the amygdala's reaction to appetizing cues in fMRI O. Grimm, M.J. Jacob, N.B. Kroemer, L. Krebs, S. Vollstädt-Klein, A. Kobiella, U. Wolfensteller and M.N. Smolka	1023-1029
To eat or not to eat. A comparison of current and former animal product limiters K. Haverstock and D.K. Forgyas	1030-1036
Effects of chewing gum on the stress and work of university students A.P. Smith and M. Woods	1037-1040
Contaminated and uncontaminated feeding influence perceived intimacy in mixed-sex dyads T.R. Alley	1041-1045
Baby-led weaning and the family diet. A pilot study H. Rowan and C. Harris	1046-1049
More than preparing a meal? Concerning the meanings of home cooking S. Daniels, I. Glorieux, J. Minnen and T.P. van Tienoven	1050-1056
Understanding the correlates of adolescents' dietary intake patterns. A multivariate analysis A.C.F. de Moraes, F. Adami and M.C. Falcão	1057-1062
Improving psychological treatment for obesity. Which eating behaviours should we target? F.A. Carter and A. Jansen	1063-1069
Infant visual preference for fruit enhanced by congruent in-season odor Y. Wada, Y. Inada, J. Yang, S. Kunieda, T. Masuda, A. Kimura, S. Kanazawa and M.K. Yamaguchi	1070-1075
