

**CONTENTS**

Evaluation of Runoff, Peak Flow and Sediment Yield for Events Simulated by the AnnAGNPS Model in a Belgian Agricultural Watershed D. A. Zema, R. L. Bingner, P. Denisi, G. Govers, F. Licciardello and S. M. Zimbone . . . . .	205
Land Degradation: Socioeconomic and Environmental Causes and Consequences in the Eastern Mediterranean A. Abu Hammad and A. Tumeizi . . . . .	216
Afforestation of Agricultural Land with <i>Pinus radiata</i> D. Don and <i>Betula alba</i> L. in NW Spain: Effects on Soil PH, Understorey Production and Floristic Diversity Eleven Years After Establishment A. Rigueiro-Rodríguez, M. R. Mosquera-Losada and E. Fernández-Núñez . . . . .	227
No-Tillage Farming: Co-Creation of Innovation Through Network Building F. Schneider, D. Steiger, T. Ledermann, P. Fry and S. Rist . . . . .	242
Chemical and Microbial Properties in Contaminated Soils Around a Magnesite Mine in Northeast China D. Yang, D.-H. Zeng, J. Zhang, L.-J. Li and R. Mao . . . . .	256
Farmers' Land Management Practices and Status of Agricultural Land in the Jos Plateau, Nigeria G. B. Thapa and O. M. Yila . . . . .	263
Classifying Land Cover Conversions in Coastal Wetlands in the Mediterranean: Pairwise Comparisons of Landsat Images H. Alphan . . . . .	278
Assessment of Soil Erosion Hazard in Kilie Catchment, East Shoa, Ethiopia G. W. Haile and M. Fetene . . . . .	293
