## Genesis and Geography of Soils

- Digitized Version of the State Soil Map on a Scale of 1 : 1 M: Problems and Solutions  
*M. S. Simakova, D. I. Rukhovich, P. V. Koroleva,  
E. V. Vil'chevskaya, and N. V. Kalinina* 337
- Soil Cover Patterns and Land Assessment in the Baikal Region of Buryatia  
using the Example of the Kabansk District  
*Ts. Ts. Tsybikdorzhiev, S. O. Khodoeva, and B.-M. N. Gonchikov* 348
- Transformation of Forest Soils in Iowa (United States) under the Impact  
of Long-Term Agricultural Development  
*Yu. G. Chendev, C. L. Burras, and T. J. Sauer* 357
- 

## Soil Chemistry

- Boron in Soils and Plants of the West Transbaikal Region  
*V. K. Kashin* 368
- The Content of Microelements and Iron in Soils and Plants in the Basin  
of Lake Kotokel' in Western Transbaikalia  
*S. B. Sosorova, A. B. Gyninova, M. G. Merkusheva, L. L. Ubugunov, and L. N. Boloneva* 376
- Transformation of Unsymmetrical Dimethylhydrazine in Soils  
*I. A. Rodin, R. S. Smirnov, A. D. Smolenkov, P. P. Krechetov, and O. A. Shpigun* 386
- Special Features of Humus Acids Extraction from Soils by Sodium Pyrophosphate  
Solutions of Different Alkalinity  
*L. G. Bakina and N. E. Orlova* 392
- Fractional Composition of Redox Systems in the Soils of Coal Mine Dumps  
*V. A. Androkhanov and D. A. Sokolov* 399
- 

## Soil Physics

- Thermal Diffusivity of Plowed Leached Meadow-Chernozemic Soils  
in the Adygeya Republic  
*K. I. Luk'yashchenko, T. A. Arkhangel'skaya, and A. B. Umarova* 404
- Analysis of Solutions of the Equation for the Convective Diffusion of Ions in Soil  
*F. D. Mikayilov* 408
- Column-Centrifugation Method for Determining Water Retention Curves  
of Soils and Disperse Sediments  
*A. V. Smagin* 416
- 

## Soil Biology

- Phosphatase Activity in the Surface and Buried Chestnut Soils  
of the Volga–Don Interfluvium  
*T. E. Khomutova, T. S. Demkina, N. N. Kashirskaya, and V. A. Demkin* 423

The Formation of Water-Stable Coprolite Aggregates in Soddy-Podzolic Soils  
and the Participation of Fungi in This Process

*A. V. Kurakov and S. A. Kharin*

429

Mineralization of Soil Organic Matter Initiated by the Application of an Available Substrate  
to the Profiles of Surface and Buried Podzolic Soils

*A. I. Zhuravleva, A. S. Yakimov, V. A. Demkin, and E. V. Blagodatskaya*

435

---

### History of Science

The Dokuchaev Hypothesis as a Basis for Predictive Digital Soil Mapping  
(On the 125th Anniversary of Its Publication)

*I. V. Florinsky*

445

The Theory of Maxwell–Boltzmann–Helmholtz–Gouy about the Double Electric  
Layer in Disperse Systems and Its Application to Soil Science  
(On the 100th Anniversary of the Paper Published by Gouy)

*I. I. Sudnitsyn, A. V. Smagin, and A. P. Shvarov*

452
