Page

Biophysics

- Ts. D. Tsvetkov, G. Petrov and A. Hadzhy. Boundary Conditions on the Quantum Scalar Field System with a Fluctuation's Impulse Operator of the Vacuum State in Living Cells (Theoretical Field Analysis of the Concrete Quantum Field System with an Impulse Effect in the Elementary Living Cells)..... 147

Food Science and Technologies

- P. Ivanova, V. Chalova, L. Koleva, I. Pishtiyski and M. Perifanova – Nemska. Optimization of Protein Extraction from Sunflower Meal Produced in Bulgaria..... 153
- I. Nacheva, D. Miteva, Y. Todorov, K. Loginovska and Tsv. Tsvetkov. Modern High Technology Solutions for Quality and Long-Term Vegetable Preservation..... 161
- Z. Antunovic, T. Klapac, S. Cavar, B. Mioc, J. Novoselec and Z. Klir. Changes of Heavy Metal Concentrations in Goats Milk during Lactation Stage in Organic Breeding..... 166

Plant Sciences

- E. Rabiei, M. Khodambashi and A. Ghasemi Pirbalouti. Use of multivariate analysis in oat cultivars under stress and non-stress..... 171
- N. Miletich, N. Tamas, P. Vuksa, E. Pfaf-Dolovac and N. Dolovac. The Influence of Shading on the Development of *Podosphaera leucotricha* under Field Conditions..... 178
- R. Protich, G. Todorovich and N. Protich. Grain Weight per Spike of Wheat Using Different Ways of Seed Protection..... 185
- E. Bal. Effect of Postharvest UV-C Treatments on Quality Attributes of Fresh Fig..... 191

Ecology, Agrochemistry and Soil Science

- D. Josic, D. Delic, N. Rasulic, O. Stajkovic, D. Kuzmanovic, A. Stanojkovic and R. Pivic. Indigenous Pseudomonads from Rhizosphere of Maize grown on Pseudogley Soil in Serbia 197
- A. Turhan and V. Seniz. Salt Tolerance during Vegetative Growth in Cross of Tomato and Effect of Cytoplasm in Response to Salt Tolerance..... 207
- K. E. Temizel, F. Akin, D. Aydogan, S. Eren and K. Kevseroglu. Determination the effect of land leveling on soil loses in rice (*Oryza sativa* L.) production areas 219
- N. Suleymenova, I. Raiymbekova and D. Petkova. Ecological Aspects of Resource-Saving Technology of Soybean..... 227

Agricultural Economics

- M. Pavlovic. Production character of the EU hop industry..... 233
- A. Semerci, A. Mazid, K. N Amegbeto, M. Keser, A. Morgounov, K. Peker, A. Bagci, M. Akin, M. Kucukcongar, M. Kan, S. Karabak, A. Altikat and S. Yaktubay. The Production Functions of Wheat Production in Turkey..... 240
- M. Shayaa Al-Shayaa, S. El Tayeb Muneer and A. Nafil Elriwaisi. Assessing the level of Environmental Awareness of the Workers on Environment in the Industrial Cities of Riyadh, Kingdom of Saudi Arabia..... 254
- E. Oxouzi and V. Bagiatis. Organic farming - What is Going on in Europe?..... 263

Animal Science

- I. Sabeva and A. Apostolov. Longevity of Shagya Broodmares..... 272
- N. Bozakova, S. Popova-Ralcheva, V. Sredkova, V. Gerzilov, S. Atanasova, A. Atanasov, L. Sotirov and N. Georgieva. Mathematical Welfare Assessment Model of Chicken Breeder Flocks..... 278
- K. Dimov, R. Kalev and P. Penchev. Effect of Finishing Diet with Excluded Silage on Amino-Acid, Fatty-Acid, and Mineral Composition of Meat (*m. longissimus Dorsi*) in Calves..... 288

Veterinary Medicine

- N. Grigorova, T. Slavov, P. Todorova, V. Radev and I. Varlyakov. Effects of Exogenous Enzyme Preparations on Protozoan Population and Cellulolytic Activity in the Rumen of Yearling Rams..... 296

Agricultural Technique

- R. Farhadi, N. Sakenian and P. Azizi. Design and Construction of Rotary Potato Grader (Part I)..... 304
