

ANIMAL GENETICS

Volume 43 Number 4 August 2012

CONTENTS

Articles

- 367 Genome-wide association analysis for feed efficiency in Angus cattle
M M Rolf, J F Taylor, R D Schnabel, S D McKay, M C McClure, S L Northcutt, M S Kerley, R L Weaver
- 375 Genome-wide associations for investigating time-dependent genetic effects for milk production traits in dairy cattle
E M Strucken, R H Bortfeldt, D J de Koning, G A Brockmann
- 383 Detection of quantitative trait loci for growth- and fatness-related traits in a large-scale White Duroc x Erhualian intercross pig population
H Ai, J Ren, Z Zhang, J Ma, Y Guo, B Yang, L Huang
- 392 A genome-wide association study for quantitative trait loci of show-jumping in Hanoverian warmblood horses
W Schröder, A Klostermann, K F Stock, O Distl
- 401 High microsatellite and mitochondrial diversity in Anatolian native horse breeds shows Anatolia as a genetic conduit between Europe and Asia
E Koban, M Denizci, O Aslan, D Aktoprakligil, S Aksu, M Bower, B K Balcioglu, A Ozdemir Bahadir, R Bilgin, B Erdag, H Bagis, S Arat
- 410 Genetic variation in eggshell crystal size and orientation is large and these traits are correlated with shell thickness and are associated with eggshell matrix protein markers
I C Dunn, A B Rodríguez-Navarro, K McDade, M Schmutz, R Preisinger, D Waddington, P W Wilson, M M Bain
- 419 Comparison of SNPs and microsatellites for assessing the genetic structure of chicken populations
C Gärke, F Ytournal, B Bed'Hom, I Gut, M Lathrop, S Weigend, H Simianer
- 429 Conserved haplotype blocks within the sheep MHC and low SNP heterozygosity in the Class IIa subregion
C Y Lee, J Qin, K A Munyard, N Siva Subramaniam, J D Wetherall, M J Stear, D M Groth

Short Communications

- 438 Identification of *BoLA-DRB3.2* alleles in Korean native cattle (Hanwoo) and Holstein populations using a next generation sequencer
B-Y Lee, T-Y Hur, Y-H Jung, H Kim
- 442 Genetic variants affecting meat and milk production traits appear to have effects on reproduction traits in cattle
E Collis, M R S Fortes, Y Zhang, B Tier, K Schutt, W Barendse, R Hawken
- 447 Genetic stability in the Icelandic horse breed
M G Campana, F Stock, E Barrett, N Benecke, G W W Barker, K Seetah, M A Bower

- 450 The interleukin 4 receptor gene and its role in recurrent airway obstruction in Swiss Warmblood horses
J Klukowska-Rötzler, J E Swinburne, C Drögemüller, G Dolf, J Janda, T Leeb, V Gerber
- 454 Genetic diversity and population structure of five Ethiopian chicken ecotypes
Z Goraga, S Weigend, G Brockmann
- 458 Effect of an exon 1 mutation in the *myostatin* gene on the growth traits of the Bian chicken
G X Zhang, X H Zhao, J Y Wang, F X Ding, L Zhang
- 460 Missense SNP of the *MC1R* gene is associated with plumage variation in the Gyrfalcon (*Falco rusticolus*)
X J Zhan, A Dixon, N C Fox, M W Bruford
- 463 Towards standardization of canine STRs: a proposed nomenclature for six markers from the ISAG comparison-test panel
R Ciampolini, F Cecchi, A Bramante, M Tancredi, S Presciuttini
- 468 A single nucleotide polymorphism on chromosome 10 is highly predictive for the polled phenotype in Australian Merino sheep
S Dominik, J M Henshall, B J Hayes
- 471 A premature stop codon in the *ADAMTS2* gene is likely to be responsible for dermatosparaxis in Dorper sheep
H Zhou, J G H Hickford, Q Fang
- Brief Notes
- 474 Association of bovine fatty acid composition with missense nucleotide polymorphism in exon7 of *peroxisome proliferator-activated receptor gamma* gene
D Oh, Y Lee, C Lee, E Chung, J Yeo
- 474 Evidence of alternative splicing of porcine β -casein (*CSN2*)
M Suteu, A Vlaic, V A Bălteanu, J Wavreille, R Renaville
- 475 Association analysis of SNPs in the *IL21R* gene with recurrent airway obstruction (RAO) in Swiss Warmblood horses
J Klukowska-Rötzler, V Gerber, T Leeb
- 476 Identification of a sex-linked marker for channel catfish
P Ninwichian, E Peatman, D Perera, S Liu, H Kucuktas, R Dunham, Z Liu
- 477 Development of EST-SSRs in Japanese scallop (*Mizuhopecten yessoensis*) from cDNA libraries
M Chen, Y Q Chang, Q Sun, L L Gao
- 479 Limited polymorphisms of two Y-chromosomal SNPs in Chinese and Iranian sheep
G Zhang, S M F Vahidi, Y H Ma, J L Han
- 480 Polymorphic variants within a putative upstream open reading frame of the *MC4R* gene do not affect body weight of farmed red foxes
J Nowacka-Woszuik, A Skorczyk, K Flisikowski, M Szydlowski, M Switonski
