

# JOURNAL OF ENVIRONMENTAL SCIENCE AND HEALTH

## Part B—Pesticides, Food Contaminants, and Agricultural Wastes

VOLUME 47 • ISSUE 8 • SEPTEMBER 2012

### ARTICLES

- Toxicity persistence in runoff and soil from experimental soybean plots following insecticide applications** 761  
Ariel H. Paracampo, Hernán D. Mugni, Pablo M. Demetrio, Martín H. Pardi, Gustavo D. Bulus,  
Marcelo D. Asbornó, and Carlos A. Bonetto
- Biodegradation of *s*-triazine herbicide atrazine by *Enterobacter cloacae* and *Burkholderia cepacia* sp. from long-term treated sugarcane-cultivated soils in Kenya** 769  
Anastasia N. Ngigi, Zachary M. Getenga, Hamadi I. Boga, and Paul K. Ndalut
- Effects of temperature on sorption-desorption processes of imidacloprid in soils of Croatian coastal regions** 779  
Dalibor Broznić and Čedomila Milin
- Controlled release and retarded leaching of pesticides by encapsulating in carboxymethyl chitosan / bentonite composite gel** 795  
Jianfa Li, Jian Yao, Yimin Li, and Ying Shao
- Estimation of measurement uncertainty associated to the determination of pesticide residues: A case study** 804  
Patrizia Stefanelli, Danilo Attard Barbini, Silvana Girolimetti, and Roberto Dommarco
- Phytotoxicity and antioxidative enzymes of green microalga (*Desmodesmus subspicatus*) and duckweed (*Lemna minor*) exposed to herbicides MCPA, chloridazon and their mixtures** 814  
Joanna Bisewska, Emilia I. Sarnowska, and Zbigniew H. Tukaj
- Identification of degradation products of thiram in water, soil and plants using LC-MS technique** 823  
Bina Gupta, Manviri Rani, Rahul Kumar, and Prem Dureja
