

Editorial

297 K. WHELAN

Modification of the gastrointestinal microbiota and its application to clinical nutrition

Clinical Nutrition

300 H. PARK, M. H. GREEN and M. L. SHAFFER

Association between serum retinol-binding protein 4 concentrations and clinical indices in subjects with type 2 diabetes: a meta-analysis

311 H. MCCARTHY, M. DIXON, I. CRABTREE, M. J. EATON-EVANS and H. MCNULTY

The development and evaluation of the Screening Tool for the Assessment of Malnutrition in Paediatrics (STAMP®) for use by healthcare staff

319 A. E. WISKIN, D. R. OWENS, V. R. CORNELIUS, S. A. WOOTTON and R. M. BEATTIE

Paediatric nutrition risk scores in clinical practice: children with inflammatory bowel disease

Public Health Nutrition and Epidemiology

323 C. MENARD, C. DUMAS, N. GILLOT, L. LAURENT, B. LABARBE, J. IRELAND and J.-L. VOLATIER

The French OQALI survey on dairy products: comparison of nutrient contents and other nutrition information on labels among types of brands

334 M. E. CORNÉLIO, M.-C. B. J. GALLANI, G. GODIN, R. C. M. RODRIGUES, W. NADRUZ JR and R. D. R. MENDEZ

Behavioural determinants of salt consumption among hypertensive individuals

345 B. GARDNER, H. CROKER, S. BARR, A. BRILEY, L. POSTON and J. WARDLE ON BEHALF OF THE UPBEAT TRIAL

Psychological predictors of dietary intentions in pregnancy

354 L. VAN GENUGTEN, P. VAN EMPELEN and A. OENEMA

From weight management goals to action planning: identification of a logical sequence from goals to actions and underlying determinants

Nutritional Science

365 Z. GHANDCHI, T. R. NEYESTANI, A.-A. SABOOR YARAGHI, M.-R. ESHRAGHIAN, A. GHARAVI, N. SHARIATZADEH, A. KALAYI and A. HOUSHIARRAD

Vitamin D status and the predictors of circulating T helper 1-type immunoglobulin levels in Iranian subjects with type 1 diabetes and their siblings: a case-control study

373 R. A. REIMER, X. PELLETIER, I. G. CARABIN, M. R. LYON, R. J. GAHLER and S. WOOD

Faecal short chain fatty acids in healthy subjects participating in a randomised controlled trial examining a soluble highly viscous polysaccharide versus control

Dietetic Professional Practice

378 A. BROWN and A. AVERY

Healthy weight management during pregnancy: what advice and information is being provided

388 S. N. DUGGAN, N. D. SMYTH, M. O'SULLIVAN, S. FEEHAN, P. F. RIDGWAY and K. C. CONLON

A transatlantic survey of nutrition practice in acute pancreatitis

398 S. ADAM, H. CHAMPION, A. DALY, S. DAWSON, M. DIXON, C. DUNLOP, J. EARDLEY, S. EVANS, C. FERGUSON, C. JANKOWSKI, S. LOWRY, A. MACDONALD, C. MARITZ, A. MICCICHE, L. ROBERTSON, J. STAFFORD, A. TERRY, R. THOM, K. VAN WYK, D. WEBSTER, F. J. WHITE and J. WILDGOOSE ON BEHALF OF THE BRITISH INHERITED METABOLIC DISEASES GROUP (BIMDG) DIETITIAN'S GROUP

Dietary management of urea cycle disorders: UK practice

Letters to the Editor

405 S. E. HOLDEN

Gluten-free foods and the cost of prescriptions

406 J. SINGH and K. WHELAN

Research is needed on the true economic cost of a gluten-free diet
