

CONTENTS

Linkages of lakes, rivers, estuaries and oceans: Asia-Pacific focus

Foreword

M. Munawar and D. X. Wang

107

A review of environment problems in the coastal sea of South China

Q. Han, X. Huang, Q. Xing, and P. Shi (China)

108

Spatiotemporal variability of satellite-derived colored dissolved and detrital organic materials in the South China Sea from 1997–2007

T. Xian, Y.-J. Yang, L. Sun, and Y.-F. Fu (China)

118

Effects of chlorophyll on upper ocean temperature and circulation in the upwelling regions of the South China Sea

J. Ma, H. Liu, H. Zhan, P. Lin, and Y. Du (China)

127

Effect of different types of El Niño on primary productivity in the South China Sea

X. Liao, J. Ma, and H. Zhan (China)

135

Seasonal variability of surface phytoplankton in the Northern South China Sea:

A one-dimensional coupled physical-biogeochemical modeling study

B. Geng, S. Li, D. Wang, J. Hu, L. Luo, and S. Wang (China)

144

Genetic diversity of potentially free-living *Symbiodinium* in the Xisha Islands, South China Sea: Implications for the resilience of coral reefs

G. Zhou, H. Huang, Z. Yu, Z. Dong, and Y. Li (China)

152

A report on a Moon Jellyfish *Aurelia aurita* bloom in Sishili Bay, Northern Yellow Sea of China in 2009

Z. Dong, D. Liu, Y. Wang, B. Di, X. Song, and Y. Shi (China)

161

Fluctuations of satellite-derived chlorophyll concentrations and optical indices at the Southern Yellow Sea

Q. Xing, H. Loisel, F. G. Schmitt, D. Dessailly, Y. Hao, Q. Han, and P. Shi (China)

168

Factors controlling nitrous oxide in the inner Pearl River Estuary, Northern South China Sea <i>Y.-S. Wang, M.-L. Wu, J.-R. Xu, C.-C. Sun, J.-D. Dong, Y.-T. Wang, and F.-L. Sun (China)</i>	176
Statistical analysis of accumulation patterns of heavy metals in biota from the Pearl River Estuary, South China <i>Y. Zeng, X. Huang, F. Ye, and L. Tian (China)</i>	185
Environmental exposure and ecological risk of heavy metals in fishing harbors of the Pearl River Delta, South China <i>W. Xu, T. Lin, Z. Hu, and W. Yan (China)</i>	192
Spatial-temporal variability of total and size-fractionated phytoplankton biomass in the Yangtze River Estuary and adjacent East China Sea coastal waters, China <i>W. Zhou, K. Yin, A. Long, H. Huang, L. Huang, and D. Zhu (China)</i>	200
Levels, spatial distribution and sources of selected antibiotics in the East River (Dongjiang), South China <i>R. Zhang, G. Zhang, J. Tang, W. Xu, J. Li, X. Liu, Y. Zou, X. Chen, and X. Li (China)</i>	210
Water quality remediation in a heavily polluted tidal river in Guangzhou, South China <i>Y. Sheng, F. Chen, G. Sheng, and J. Fu (China)</i>	219
Coral bleaching caused by an abnormal water temperature rise at Luhuitou fringing reef, Sanya Bay, China <i>X. Li, S. Liu, H. Huang, L. Huang, Z. Jing, and C. Zhang (China)</i>	227
Phytoplankton growth on organic nutrients from trash fish <i>Y. Gao, K. Yin, L. He, and P. J. Harrison (China)</i>	234
