Distributed worldwide by Springer. *Eurasian Soil Science* ISSN 1064-2293.

Genesis and Geography of Soils

Soil-Genetic Zoning: Principles, Goals, Structure, and Applications

I. I. Lebedeva, S. V. Ovechkin, T. V. Korolyuk, and M. I. Gerasimova 639

Automorphic Taiga Soils of the Sredneobskaya Lowland

N. A. Avetov, S. A. Avetyan, E. I. Dorofeeva, and S. Ya. Trofimov 651

Soil Chemistry

Effect of Wetting Conditions on the Fractional Composition of Heavy Metal Compounds
in Agrosoddy-Podzolic Soils Contaminated with Sewage Sludge

I. O. Plekhanova 657

Improvement of the X-ray Radiometric Method of Lanthanides' Diagnostics in Soils

A. T. Savichev and Yu. N. Vodyanitskii 665

Adequacy of Transport Parameters Obtained in Soil Column Experiments
for Selected Chemicals

E. Raymundo-Raymundo, Yu. N. Nikolskii, A. K. Guber, and C. Landeros-Sanchez 675

Soil Physics

Physical Properties of Ordinary Chernozems in Steppe Landscapes
Adjacent to Forests

*A. M. Rusanov, E. Yu. Milanovskii, Yu. P. Verkhoshentseva,
S. B. Voropaev, and L. V. Anilova* 684

The Structural State of Buried and Surface Soils of Solonetzic Complexes
in the Dry Steppe Zone of the Lower Volga Basin

B. N. Zolotareva, A. V. Bukhonov, and V. A. Demkin 690

Tomographic Method of Studying Soil Pore Space:
Current Perspectives and Results for Some Russian Soils

K. M. Gerke, E. B. Skvortsova, and D. V. Korost 700

Soil Biology

Changes in the Structure of Soil Microbial Biomass under Fallow

L. M. Polyanskaya, N. I. Sukhanova, K. V. Chakmazyan, and D. G. Zvyagintsev 710

Development of Actinomycetes in Brown Semidesert Soil under Low Water Pressure

*D. G. Zvyagintsev, G. M. Zenova, I. I. Sudnitsyn, T. A. Gracheva, E. E. Lapygina,
K. R. Napol'skaya, and A. E. Sydnitsyna* 717
