

## CONTENTS

- Chaudhary D.R., Saxena J., Lorenz N., Dick R.P.:  
Distribution of recently fixed photosynthate in a switchgrass plant-soil system ..... 249
- Castellanos-Morales V., Cárdenas-Navarro R., García-Garrido J.M., Illana A.,  
Ocampo J.A., Steinkellner S., Vierheilig H.:  
Bioprotection against *Gaeumannomyces graminis* in barley a comparison  
between arbuscular mycorrhizal fungi ..... 256
- Yang T., Ding Y., Zhu Y., Li Y., Wang X., Yang R., Lu G., Qi J., Yang Y.:  
Rhizosphere bacteria induced by aluminum-tolerant and aluminum-sensitive  
soybeans in acid soil ..... 262
- Stagnari E., Pisante M.:  
Slow release and conventional N fertilizers for nutrition of bell pepper ..... 268
- Talgre L., Lauringson E., Roostalu H., Astover A., Makke A.:  
Green manure as a nutrient source for succeeding crops ..... 275
- Hofman J., Trávníčková E., Anděl P.:  
Road salts effects on soil chemical and microbial properties at grassland  
and forest site in protected natural areas ..... 282
- Hakl J., Fuksa P., Habart J., Šantrůček J.:  
The biogas production from lucerne biomass in relation to term of harvest ..... 289
