

CONTENTS

Invited Review

- BÉKÉS, F.: New Aspects in Quality Related Wheat Research:
II. New Methodologies for Better Quality Wheat 307

Genetics

- TERESHCHENKO, O.Y., GORDEEVA, E.I., ARBUZOVA, V.S., BÖRNER, A. and
KHLESTKINA, E.K.: The D Genome Carries a Gene Determining Purple Grain
Colour in Wheat 334
- SHARIFI, P.: Graphic Analysis of Salinity Tolerance Traits of Rice
(*Oryza sativa* L.) Using Biplot Method 342
- SHCHERBAN, A.B., EMTSEVA, M.V. and EFREMOVA, T.T.: Molecular Genetical
Characterization of Vernalization Genes *Vrn-A1*, *Vrn-B1* and *Vrn-D1*
in Spring Wheat Germplasm from Russia and Adjacent Regions 351
- SONAH, H., DESHMUKH, R.K., CHAND, S., SRINIVASPRASAD, M., RAO, G.J.N.,
UPRETI, H.C., SINGH, A.K., SINGH, N.K. and SHARMA, T.R.: Molecular
Mapping of Quantitative Trait Loci for Flag Leaf Length and Other Agronomic
Traits in Rice (*Oryza sativa*) 362
- CUI, F., LI, J., DING, A.M., ZHAO, C.H., LI, X.F., FENG, D.S., WANG, X.Q.,
WANG, L. and WANG, H.G.: QTL Detection of Internode Length and its
Component Index in Wheat Using Two Related RIL Populations 373

Physiology

- LU, X.C., TIAN, X.H., ZHAO, A.Q., CUI, J. and YANG, X.W.: Effect of Zn
Supplementation on Zn Concentration of Wheat Grain and Zn Fractions
in Potentially Zn-Deficient Soil 385

Pathology

- CHRPOVÁ, J., ŠÍP, V., ŠTOČKOVÁ, L. and DUMALASOVÁ, V.: Evaluation of Fusarium Head Blight Resistance in Wheat under High Infection Pressure in Field Conditions 396

Quality and Utilization

- HART, K.J., ROSSNAGEL, B.G. and YU, PEIQIANG: Investigate the Magnitude of Differences in Total Metabolizable Protein among Different Genotypes of Barley Grown for Three Consecutive Years 405

Agronomy

- BAKHSHANDEH, E., SOLTANI, A., ZEINALI, E. and KALLATE-ARABI, M.: Prediction of Plant Height by Allometric Relationships in Field-grown Wheat 413
- DE STEFANIS, E., SGRULLETTA, D., PUCCIARMATI, S. and CODIANNI, P.: Effect of Cultivar and Nitrogen Fertilizer on Agronomic and Quality Traits of Durum Wheat under Organic Management 423
- PALÁGYI, A., PALÁGYI, ANDREA and MÓROCZNÉ SALAMON, K.: Different Species of Legumes Grown in Combination with Oats as Green Forage 436

Book review

- Barley: Production, Improvement, and Uses. Edited by Steven E. Ullrich (ASIF, M. and KAMRAN, A.) 448
