

- 53-58 RECOMBINANT PROBIOTICS AND THEIR POTENTIAL IN HUMAN HEALTH**  
Michele Caselli, Dino Vaira, Francesca Cassol, Girolamo Calò, Giuseppina Vaira, Francesco Papini and John Holton
- 59-64 EFFECTS OF ORALLY ADMINISTERED MILK FERMENTED BY STREPTOCOCCUS THERMOPHILUS MN-ZLW-002 ON MURINE CELL-MEDIATED IMMUNE RESPONSES**  
Xiaohong Kang, Guoqing Sun, Jian Sun, Nan Ling, Qi Zhou, Lanwei Zhang and Qinghai Sheng
- 65-80 REVIEW: CAN MICROENCAPSULATION BE A MEANS TO INCREASE SURVIVAL OF PROBIOTICS IN CHEESE?**  
F. Rodrigues, B. Sarmiento, J. Andrade and B. Oliveira
- 81-90 PROBIOTICS MODULATE TIGHT JUNCTION INTEGRITY AND EXPRESSION OF JUNCTIONAL PROTEINS IN CULTURED NORMAL HUMAN EPIDERMAL KERATINOCYTE**  
Heli Putaala, Kirsti Tiihonen, Arthur C. Ouwehand and Nina Rautonen
- 91-98 MOLECULAR BIOLOGICAL STUDIES OF THE ORIGIN OF BIFIDOBACTERIUM AND LACTOBACILLUS IN NEONATAL FECES**  
Md. Shafiqur Rahman, Satoru Nagata, Kazunori Matsuda, Hirokazu Tsuji, Kiyohito Ogata, Saori Ozaki, Kazunari Kawashima, Koji Nomoto, and Yuichiro Yamashiro
- 99-108 EFFECT OF DIETARY SYNBIOTICS ON BONE IN MATURE MALE RATS FOLLOWING RECOVERY FROM HINDLIMB UNLOADING**  
Cynthia A. Blanton and Annette M. Gabaldon
