Genesis and Geography of Soils

Diagnostic Horizons in the Russian Soil Classification System

I. I. Lebedeva and M. I. Gerasimova 823

Vertigenesis in Soils of the Central Chernozemic Region of Russia

N. B. Khitrov 834

Soil Chemistry

Assessment of the Humus Content in Arable Soils of Russia

B. M. Kogut 843

Soil Physics

Analysis of the Sorption and Migration of Substances in Soil with the Use of Mathematical Models

A. S. Frid 852

Description and Reconstruction of the Soil Pore Space Using Correlation Functions

K. M. Gerke, M. V. Karsanina, and E. B. Skvortsova 861

Soil Biology

Ecological-Floristic Analysis of Soil Algae and Cyanobacteria on the Tra-Tau and Yurak-Tau Mounts, Bashkiria

G. R. Bakieva, L. S. Khaibullina, L. A. Gaisina, and R. R. Kabirotov 873

Mineralogy and Micromorphology of Soils

Spatial Distribution of Clay Minerals in Agrochernozems of Erosional and Denudational Plains in the Stavropol Region

N. P. Chizhikova, E. I. Godunova, S. N. Shkabarda, A. A. Samsonova, and T. I. Malueva 882

History of Science

Memorable Meetings with Great Pedologists that Have Passed Away

I. A. Krupenikov 895
