

# International and Multidisciplinary Journal

Volume 2 · Number 2

Printed March 2012

**Rountos KJ, Peterson BJ, Karakassis I**

Indirect effects of fish cage aquaculture on shallow *Posidonia oceanica* seagrass patches in coastal Greek waters

105–115

**Wilding TA, Cromey CJ, Nickell TD, Hughes DJ**

Salmon farm impacts on muddy-sediment megabenthic assemblages on the west coast of Scotland

145–156

**Grant C, Archambault P, Olivier F, McKindsey CW**

Influence of 'bouchot' mussel culture on the benthic environment in a dynamic intertidal system

117–131

**Cromey CJ, Thetmeyer H, Lampadariou N, Black KD, Kögeler J, Karakassis I**

MERAMOD: predicting the deposition and benthic impact of aquaculture in the eastern Mediterranean Sea

157–176

**Olsen SA, Ervik A, Grahl-Nielsen O**

Tracing fish farm waste in the northern shrimp *Pandalus borealis* (Krøyer, 1838) using lipid biomarkers

133–144

**Carlsson MS, Engström P, Lindahl O, Ljungqvist L, Petersen JK, Svanberg L, Holmer M**

Effects of mussel farms on the benthic nitrogen cycle on the Swedish west coast

177–191
