Genesis and Geography of Soils

Digital Map of Salt-Affected Soils of Khakassia

G. I. Chernousenko, N. V. Kalinina, D. I. Rukhovich, and P. V. Koroleva 997

Humus Pedorelicts in Soddy Calcareous Soils of the Vyatka–Kama Interfluve

A. M. Prokashev 1013

Soils Developed from Marine and Moraine Deposits on the Billefjord Coast,
West Spitsbergen

V. N. Pereverzev 1023

Soil Chemistry

Comparative Characterization of Humic Acids from Arable Soils of the Taiga,
Steppe, and Semidesert Zones

G. V. Motuzova, H. M. Derham, and A. A. Stepanov 1033

Soil Biology

Bacteria Sizes in a Chernozem as Recorded in the Course of the Microbial Succession
with the Soil Incubation under Aerobic and Anaerobic Conditions

L. M. Polyanskaya, M. A. Gorbacheva, and D. G. Zvyagintsev 1042

Study of Ultramicrobacteria (Nanoforms) in Soils and Subsoil Deposits
by Electron Microscopy

V. S. Soina, L. V. Lysak, I. A. Konova, E. V. Lapygina, and D. G. Zvyagintsev 1048

Mineralogy and Micromorphology of Soils

Development of a Mineralogical Matrix at the Adsorption of Polyelectrolytes
on Soil Minerals and Soils

G. N. Kurochkina and D. L. Pinskii 1057

Irreversible Fixation of Organic Components in Labile Interspaces as a Mechanism
for the Chemical Stabilization of Clay–Organic Structures

*K. G. Giniyatullin, A. A. Shinkarev (Jr.), A. A. Shinkarev, G. A. Krinari,
T. Z. Lygina, A. M. Gubaidullina, A. G. Kornilova, and L. V. Mel'nikov* 1068

Agricultural Chemistry and Soil Fertility

Changes in the Biological Activity of Chestnut Soils upon the Long-Term
Application of Fertilizers in a Rotation with Oil-Bearing Crops

R. E. Eleshev and Z. B. Bakenova 1081
