

2012 Scholar Award Recipients Announced by IPNI	3
Nitrogen Source and Placement Affect Soil Nitrous Oxide Emissions from Irrigated Corn in Colorado	7
Ardell D. Halvorson and Stephen J. Del Grosso	
Site-Specific Fertilizer Recommendations for Oil Palm Smallholders Using Information from Large Plantations	10
Michael J. Webb, Paul N. Nelson, L. Gary Rogers, George N. Curry, Julie M.C. Pasuquin, and Adrian M. Johnston	
Economics of Fertilizing Irrigated Cereals in the Indo-Gangetic Plains	13
V.B. Shahi, A. Kumar, N. Gupta, K. Majumdar, M.L. Jat, T. Satyanarayana, M. Pampolino, S. Dutta, H.S. Khurana, and A.M. Johnston	
Maize Response to Balanced Fertilizer Application in Northwest China	18
Shutian Li, Jiyun Jin, Yu Duan, Tianwen Guo, Yan Zhang, and Youhong Li	
Crop Nutrient Deficiency Photo Contest Entries Due December 11	20
Soil Potassium in Uruguay: Current Situation and Future Prospects	21
Mónica Barbazán, Carlos Bautes, Licy Beux, J. Martín Bordoli, Alvaro Califra, Juan D. Cano, Amabelia del Pino, Oswaldo Ernst, Adriana García, Fernando García, Sebastián Mazzilli, and Andrés Quincke	
New 4R Nutrient Stewardship Resources Now Available	23
Role of Nitrogen Fertilization in Sustaining Organic Matter in Cultivated Soils	24
Jagdish K. Ladha, C. Kesava Reddy, Agnes T. Padre, and Chris van Kessel	
Study Guide for 2013 International Certified Crop Adviser Exam	25
The Effect of Reduced Tillage and Mineral Fertilizer Application on Maize and Soybean Productivity in Kenya	26
Job Kihara and Samuel Njoroge	
Potassium Nutrition for Small Grains Grown on Chestnut Soils	29
V.N. Bagrintseva and V.V. Nosov	
Fertilizer ... Humanitarian Aid?	32
Terry L. Roberts
