Distributed worldwide by Springer. *Russian Agricultural Sciences* ISSN 1068-3674.

Plant Industry

- Prospects of Breeding Triticale for Increased Grain Carotenoid Content
A. I. Grabovets and A. V. Krokmal' 345
- Ways to Increase the Productivity Potential of Winter Rye and Its Resistance
of Adverse Environmental Conditions
V. V. Chaikin, E. A. Torop, and A. A. Torop 348
- Water Regime and Water Consumption of Spring Soft Wheat Varieties of Different
Ecological Groups under Contrasting Water Availability Conditions
F. D. Samuilov and L. A. Mukhitov 353
- Formation of Rudimentary Spike and Productivity of Spring Wheat Varieties
under Increasing Soil Drought Conditions
L. V. Osipova and N. T. Nilovskaya 358
- Role of Symbiotic Nitrogen Fixation in Increasing Photosynthetic Productivity of Soybean
V. A. Til'ba and V. T. Sinegovskaya 361
- Growth and Development of Soybean under the Effect of Water Stressor
T. P. Khairulina and P. V. Tikhonchuk 364
- Response of Plant Organisms to Laser Irradiation of Different Spectral Composition
*A. V. Budagovskii, N. V. Solovykh, O. N. Budagovskaya,
I. A. Budagovskii, A. Michtchenko, and M. Hernandez-Vizuet* 367
- Apple Root System in Different Soil Types
B. S. Gegechkori, A. A. Klad', V. G. Klad', and S. Yu. Orlenko 371
- Effect of Cadmium Pollution of Sod-Podzolic Soil on Growth
and Development of Broad Beans
N. N. Loi, O. S. Gubareva, N. S. Stepanchikova, and N. I. Sanzharova 374
-

Plant Protection

- Modern Insecticides for Potato Pest Control
G. I. Sukhoruchenko, O. V. Dolzhenko, and I. A. Tsibul'skaya 377
- Harmfulness of the Buckwheat Weevil (*Rhinoncus sibiricus* Faust) in Primorskii Krai
A. V. Kuznetsova, A. G. Klykov, R. V. Timoshinov, and L. M. Moiseenko 383
-

PEDOLOGY

- Investigation of Optical Properties of Humic Acids of Sod-Podzolic Soil
N. E. Zav'yalova 386
-

Animal Husbandry

- Formation of Humoral Immunity in Calves in Health and Disease
Yu. N. Mas'yanov and A. G. Shakhov 389

Polymorphism of <i>H-FABP</i> and <i>ESR</i> Genes and Their Role in Forming Productivity of Pig Meat Breeds	
<i>V. P. Rybalko, V. V. Semenov, I. G. Rachkov, O. V. Pluzhnikova, A. R. Kagramanov, L. V. Kononova, E. I. Serdyukov, and V. I. Lozovoi</i>	393
Long-Term Culturing of Boar Type A Spermatogonia	
<i>I. P. Savchenkova, M. V. Polyakova, E. V. Viktorova, and K. V. Kuleshov</i>	396
Investigation of Hematological Indices of Female Rabbit Blood with Addition of an Antioxidant Preparation to the Ration	
<i>D. D. Adzhiev, I. F. Draganov, A. A. Ivanov, and I. A. Gal'yanova</i>	400
Adaptation and Reproductive Capacity of Free-Ranging European Bison Population in the Northern Region of Russia	
<i>E. A. Tyapugin, G. A. Simonov, and S. E. Tyapugin</i>	404

Veterinary Science

Serological Profile of <i>Actinobacillus pleuropneumoniae</i> in Pigs	
<i>S. V. Shabunin, A. V. Stepanov, L. I. Efanova, and O. A. Manzhurina</i>	406

Storage and Processing Agricultural Products

Effect of Electromagnetic Fields on Activation the Aqueous Solutions of Plant Tissue Biogenic Components	
<i>V. V. Kondratenko, R. I. Shazzo, V. V. Lisovoi, and L. A. Yakovleva</i>	409

Mechanization

Effectiveness of Modified Milking Apparatus under High Mountain Conditions	
<i>A. B. Baragunov</i>	414
Effect of Furolan on the Pigment, <i>IAA</i> , Protein and Total Nitrogen Contents of Germinal Leaves of Winter Wheat	
<i>Essien Okon and Natali Nenco</i>	418
Genetic Analysis Seedling Vigour under Osmotic Stress in Rice by QTL Mapping	
<i>Atefeh Sabouri, Hossein Sabouri, and Marjorie De Ocampo</i>	423
