

PLANT DISEASE RESEARCH

VOLUME 27(2)

CONTENTS

Fungal Pathology

- Eco-friendly approach for suppressing Fusarium wilt of cumin 127
Nitin Chawla, S. Gangopadhyay and B.R. Dhaka
- Effect of date of transplanting and nitrogen doses on development of sheath blight in basmati type rice cv. Pusa 1121 134
P.P. Singh, Mandeep S. Hunjan, Gurpreet Kaur Bansal, Adesh Kumar and P.P.S. Pannu
- Effect of different cultural practices on downy mildew (*Peronospora trigonella* Gaumann) of fenugreek and estimation of avoidable losses with seed yield 138
S.K. Goyal and Pankaj Sharma
- Studies in relation to chitosan and its potential to enhance host resistance in *Brassica juncea* L. against Alternaria blight 144
Neerja Sood and B.S.Sohal
- Effect of environmental factors and inoculum age on fenugreek infection by *Peronospora trigonella* causing downy mildew 149
S.K. Goyal and Pankaj Sharma
- Induced resistance in *Brassica juncea* L. against Alternaria blight by foliar application of arachidonic acid 153
Neerja Sood and B.S.Sohal
- Development of an image based expert system for identification of rice diseases and their management 158
Rohit Sharma, Chander Mohan, Harinder Singh and M.S. Gill
- Influence of weather parameters on pea rust development and its effect on yield 162
R.S. Bal and A. Kumar
- Status of post flowering stalk rots of maize and associated fungi in Punjab 165
Harleen Kaur and Chander Mohan
- Studies on Curzate M8 (cymoxanil 8% + mancozeb 64%) residue in citrus fruits and soil 171
S.K. Thind
- Potential of sugarcane genotypes against red rot in north-west zone and under Punjab conditions. 175
R.S. Gill, Bipen Kumar, K.S Thind and Naveen Kumar
- Management of pathological and physiological fruit drop in Kinnow mandarin 179
S.K. Thind and Anita Arora
- Effect of culture filtrate of *Sclerotinia sclerotiorum* (Lib.) de Bary on the activities of oxidative enzymes in calli of *Brassica* species 182
Santosh Watpade and Naresh Mehta

Effect of fungicides and bioagents on root rot/ wilt complex of pea in Lahaul valley – a cold desert area of Himachal Pradesh in north western Himalayas <i>Pardeep Kumar, Suman Kumar, B.R. Thakur and Y.S. Paul</i>	186
Evaluation of plant extracts against <i>Rhizoctonia solani</i> kuhn, the incitant of web blight of urdbean <i>Santosh Kumar and H.S. Tripathi</i>	190
<i>In vitro</i> selection of resistant mutants of ginger (<i>Zingiber officinale</i> Rosc.) against wilt pathogen (<i>Fusarium oxysporum</i> f. sp. <i>zingiberi</i> Trujillo) <i>S.V. Bhardwaj, T. Thakur, R. Sharma and P. Sharma</i>	194
Bacteriology	
Sources of resistance, effectiveness of <i>Xa/xs</i> genes and evaluation of botanicals and non-conventional chemicals against bacterial blight of rice <i>Ram Singh, S. Sunder and D.S. Dodan</i>	200
Screening of land races of rice (<i>Oryza sativa</i>) for bacterial blight resistance and marker assisted surveying of known <i>Xa/xs</i> gene(s) <i>S.P. Singh, R.K. Goel, M.S. Hunjan, Y. Vikal and J.S. Lore</i>	209
Virology	
Standardization of screening technique for screening of American cotton germplasm (<i>Gossypium hirsutum</i> L.) against cotton leaf curl disease (CLCuD) <i>G.S. Bhatia, P.S. Sekhon and Dharminder Pathak</i>	216
Short Communications	
Status and weed hosts of <i>Rhizoctonia solani</i> Kuhn, the incitant of sheath blight of rice in Haryana <i>Ram Singh, S. Sunder and D.S. Dodan</i>	225
Promising activity of fluopyram 200 + tebuconazole 200-400 SC against anthracnose and powdery mildew of grapevine <i>Amarjit Singh, Chander Mohan, Harinder Singh, P. K. Amrate and Pardeep Kumar</i>	229
Comparative efficacy of different spray schedules against anthracnose and <i>Cercospora</i> leaf spot diseases of grapevine <i>Chander Mohan, Amarjit Singh, Pardeep Kumar and P.K. Amrate</i>	232
<i>In vitro</i> efficacy of biocontrol agents and plant origin pesticides against <i>Xanthomonas campestris</i> pv. <i>vesicatoria</i> , the incitant of bacterial spot of bell pepper <i>Durga Prashad and S. K. Gupta</i>	234
Evaluation of disease control potentiality of certain fungicides in controlling anthracnose disease of bottle gourd <i>R.S. Chauhan and J.N. Bhatia</i>	237
Sources of resistance in squash germplasm against viral diseases <i>Manju Sharma, P.D. Thakur, Dharmesh Gupta and A. K. Thakur</i>	239
Efficacy of plant extracts for the management of pepper veinal mottle virus in bell pepper <i>Promil Kapoor and P.D. Thakur</i>	242
Abstracts of research papers - <i>Brain Storming Session on Recent Developments in the Management of Rice Diseases</i> held at Department of Plant Pathology, PAU, Ludhiana on 9th August, 2012	246
