

Contents

3/13**Editorial****117 Concentrated sugar belongs to the museum**

F. M. Riegler

Main Topic**120 Tissue engineering and its potential use in surgery**

L.-P. Kamolz, H. Koch, C. Kasper

122 Tissue engineered constructs for peripheral nerve surgery

P. J. Johnson, M. D. Wood, A. M. Moore, S. E. Mackinnon

136 Applications of tissue engineering in modern laryngology

M. Gugatschka, M. Graupp, G. Friedrich

142 Articular cartilage tissue regeneration: current research strategies and outlook for the future

A. H. Teuschl, S. Nürnberger, H. Redl, T. Nau

154 The use of Keratinocytes: Things we should keep in mind!A. S. Moghaddam, L.-P. Kamolz, W. Wening, D. Parvizi,
M. Wiedner, D. B. Lumenta**161 Tissue engineering in thoracic surgery**

J. Lindenmann

Original Article**169 Gemcitabine-based neoadjuvant chemotherapy for locally advanced pancreatic cancer does not affect mortality and morbidity after pancreatic resection**

K. Sahara, M. Schindl, I. Kuehrer, G. Werba, F. Fitzal, P. Goetzinger, M. Gnant

Case Report**179 Fatal arterial complications following ultrasound-guided attempt of internal jugular vein catheterization**

A. Pikwer, P. Krantz, T. Resch, S. Acosta

Erratum**184 Erratum to: Effects of everolimus on hepatic ischemia/reperfusion injury in an experimental rat model**B. G. Demirci, M. Cindoruk, U. T. Yilmaz, M. D. Demirag,
I. I. Gonul, U. Demirci, O. Gulbahar, A. Dalgic
