

CONTENTS

Research Reports

- Effect of 2 protein regimens and 2 lighting intensities on performance of the Hungarian partridge (*Perdix perdix*)**
 J. P. Blake, J. B. Hess, and W. D. Berry 365
- Response of female broiler breeders to qualitative feed restriction with inclusion of soluble and insoluble fiber sources**
 S. Moradi, M. Zaghari, M. Shivazad, R. Osfoori, and M. Mardi 370
- Effects of chromium methionine supplementation on performance, carcass traits, and the Ca and P metabolism of broiler chickens under heat-stress conditions**
 Seyedkarim Ebrahimzadeh, Parviz Farhoomand, and Kiomars Noori 382
- Using complete diet and Sibbald methods to determine the metabolizable energy of 5 Iranian wheat varieties**
 A. Hasanzadeh Seyedi, H. Janmohamady, A. Hosseinkhani, and M. D. Shakouri 388
- The effectiveness of zinc proteinate for chicks fed a conventional corn-soybean meal diet**
 S. B. Liu, S. F. Li, L. Lu, J. J. Xie, L. Y. Zhang, R. L. Wang, and X. G. Luo 396
- Seromolecular study of chicken infectious anemia in chickens, ostriches, and turkeys in Iran**
 Majid Gholami-Ahangaran, Ezatollah Fathi-Hafshejani, and Ravand Seyed-Hosseini 404
- Nutritional value of wet extruded full-fat soybean and its effects on broiler chicken performance**
 Seyed Ali Mirghelenj, Abolghasem Golian, Hassan Kermanshahi, and Ahmad Reza Raji 410
- Influence of duration of storage on protein quality traits of soybean meals**
 M. P. Serrano, P. G. Rebollar, S. Sueiro, M. Hermida, and G. G. Mateos 423
- Effect of sanguinarine in drinking water on *Salmonella* control and the expression of immune cells in peripheral blood and intestinal mucosa of broilers**
 Larissa Pickler, Breno C. B. Beirão, Ricardo M. Hayashi, Jean F. Durau, Mariana C. Lourenço, Luiz F. Caron, and Elizabeth Santin 430
- Resolving poor pellet quality and maintaining amino acid digestibility in commercial turkey diet feed manufacture**
 K. G. S. Wamsley and J. S. Moritz 439
- Effects of dietary amino acid density regimens on growth performance and meat yield of Cobb × Cobb 700 broilers**
 W. Zhai, E. D. Peebles, C. D. Zumwalt, L. Mejia, and A. Corzo 447
- Supplemental lysine sulfate does not negatively affect the performance of broiler chicks fed dietary sulfur from multiple dietary and water sources**
 E. A. Bobeck, R. L. Payne, B. J. Kerr, and M. E. Persia 461

Effects of frequency of multiple applications of litter amendment on litter ammonia and live performance in a shared airspace J. L. Purswell, J. D. Davis, A. S. Kiess, and C. D. Coufal	469
Nest lining in small-group furnished cages for laying hens H. Wall and R. Tauson	474
Effect of supplementation of mannan oligosaccharide and probiotic on growth performance, relative weights of viscera, and population of selected intestinal bacteria in cyclic heat-stressed broilers M. U. Sohail, A. Ijaz, M. Younus, M. Z. Shabbir, Z. Kamran, S. Ahmad, H. Anwar, M. S. Yousaf, K. Ashraf, A. H. Shahzad, and H. Rehman	485
Stratification of bacterial concentrations, from upper to lower, in broiler litter Z. T. Williams and K. S. Macklin	492
Broiler breeder feeding programs and trace minerals on maternal antibody transfer and broiler humoral immune response E. O. Oviedo-Rondón, N. M. Leandro, R. Ali, M. Koci, V. Moraes, and J. Brake	499
Changes in protein level for bobwhite quail J. P. Blake and J. B. Hess	511
Influence of pellet length on pellet quality and performance of broiler starters M. R. Abdollahi and V. Ravindran	516
Influence of hatch pull time, protein, and methionine on bobwhite quail performance J. P. Blake, J. B. Hess, and W. D. Berry	523
Evaluation of composition and in vitro solubility rate of by-products of the Atlantic shellfish industry as alternative calcium sources A. Safamehr, M. I. Langille, D. M. Anderson, and J. L. MacIsaac	529
Field Reports	
Nitrogen mass balance in commercial roaster houses receiving different acidifier application rates S. B. Shah, J. L. Grimes, E. O. Oviedo-Rondón, P. W. Westerman, and D. Campeau	539
In-house windrowing of a commercial broiler farm during early spring and its effect on litter composition K. J. Barker, C. D. Coufal, J. L. Purswell, J. D. Davis, H. M. Parker, M. T. Kidd, C. D. McDaniel, and A. S. Kiess	551
Treatment, diagnostic trials, and construction of species-specific PCR primers of <i>Hadjelia truncata</i> in pigeons (<i>Columba livia</i>) Julie M. Kelly, C. Gabriel Senties-Cué, Bruce R. Charlton, Richard W. Gerhold, Tiffany J. Santoro, and Mark C. Bland	559
Ancillary effects of different acidifier application rates in roaster houses S. B. Shah, P. W. Westerman, J. L. Grimes, E. O. Oviedo-Rondón, and D. Campeau	565
Performance of broilers fed a broader spectrum antibiotic (virginiamycin) or a narrower spectrum antibiotic (bacitracin methylene disalicylate) over 3 consecutive grow-out cycles Mark LaVorgna, Jon L. Schaeffer, Don Bade, John Dickson, Kalen Cookson, and Stephen W. Davis	574
