

CONTENTS

- Kaplan L., Tlustoš P., Száková J., Najmanová J.:
The influence of slow-release fertilizers on potted chrysanthemum growth
and nutrient consumption 385
- Sedlár O., Balík J., Černý J., Peklová L., Kubešová K.:
Dynamics of the nitrogen uptake by spring barley at injection application of nitrogen fertilizers 392
- Dong X.X., Zhang L.L., Wu Z.J., Zhang H.W., Gong P.:
The response of nitrifier, N-fixer and denitrifier gene copy numbers to the nitrification
inhibitor 3,4-dimethylpyrazole phosphate 398
- Kalmár T., Bottlik L., Kisić I., Gyuricza C., Birkás M.:
Soil protecting effect of the surface cover in extreme summer periods 404
- Ratnakumar P., Rajendrudu G., Swamy P.M.:
Photosynthesis and growth responses of peanut (*Arachis hypogaea* L.) to salinity at elevated CO₂ 410
- Zemanová V., Pavlík M., Pavlíková D., Tlustoš P.:
The changes of contents of selected free amino acids associated with cadmium stress
in *Noccaea caerulea* and *Arabidopsis halleri* 417
- Kumhálová J., Kumhála F., Novák P., Matějková Š.:
Airborne laser scanning data as a source of field topographical characteristics 423
- Adamczewski K., Kierzek R., Matysiak K.:
Wild oat (*Avena fatua* L.) biotypes resistant to acetolactate synthase and acetyl-CoA
carboxylase inhibitors in Poland 432
