Genesis and Geography of Soils

Soils, Vegetation, and Climate of the Southern Transural Region in the Middle Bronze Age
(by the Example of the Arkaim Fortress)

*V. E. Prikhod'ko, I. V. Ivanov, D. V. Manakhov, N. P. Gerasimenko,
K. Inubushi, M. Kawahigashi, Kh. Nagano, and S. Sugihara*

925

Soil Chemistry

Changes in Soil Respiration in the Course of the Postagrogenic Succession on Sandy Soils
in the Southern Taiga Zone

D. I. Lyuri, D. V. Karelin, A. V. Kudikov, and S. V. Goryachkin

935

The Influence of Gleyzation and Sulfate Reduction in Different Rocks
on the Lysimetric Water from Them: A Model Experiment

F. R. Zaidel'man, N. N. Dzizenko, and S. M. Cherkas

948

Soil Carbon Pools in Tundra and Taiga Ecosystems of Northeastern Europe

A. V. Pastukhov and D. A. Kaverin

958

Soil Mineralogy and Micromorphology

Transformations of Layered Silicates in Soils of the Boreal and Subboreal Zones:
Literature Review

I. I. Tolpeshta and T. A. Sokolova

968
