

Nutrient Cycling in Agroecosystems

Volume 96 · Numbers 2–3 · July 2013

Influence of soil phosphorus and manure on phosphorus leaching in Swedish topsoils

A. Svanbäck · B. Ulén · A. Etana · L. Bergström · P.J.A. Kleinman · L. Mattsson **133**

Effect of manure quality on nitrate leaching and groundwater pollution in wetland soil under field tomato (*Lycopersicon esculentum*, Mill var. Heinz) rape (*Brassica napus*, L var. Giant)

J. Masaka · M. Wuta · J. Nyamangara · F.T. Mugabe **149**

Hydrochemical and stable isotopic assessment of groundwater quality and its variations in rice-growing areas in East China

Z. Jin · F. Li · L. Chen · M. Jin **171**

Impacts of conservation agriculture on soil aggregation and aggregate-associated N under an irrigated agroecosystem of the Indo-Gangetic Plains

R. Bhattacharyya · T.K. Das · P. Pramanik · V. Ganeshan · A.A. Saad · A.R. Sharma **185**

Bedload sediment and nutrient losses in agro-ecosystems of the Brazilian semiarid region

M.A.S.R. Freitas · E.M. Andrade · O.B. Weber · H.A.Q. Palácio · T.O. Ferreira **203**

Soil organic matter in restored rangelands following cessation of rainfed cropping in a mountainous semi-arid landscape

S. Salek-Gilani · F. Raiesi · P. Tahmasebi · N. Ghorbani **215**
