

# CANADIAN JOURNAL OF ANIMAL SCIENCE

Volume 93, Number 2

June 2013

## **Breeding and Genetics**

**The relationship between feed efficiency traits and fertility in young beef bulls**

B. J. Awda, S. P. Miller, Y. R. Montanholi, G. Vander Voort, T. Caldwell, M. M. Buhr, and K. C. Swanson 185-192

**SHORT COMMUNICATION: Association analyses of a single nucleotide polymorphism in the promoter of *OLR1* with growth, feed efficiency, fat deposition, and carcass merit traits in hybrid, Angus and Charolais beef cattle**

M. Vinsky, K. Islam, L. Chen, and C. Li 193-197

## **Growth and Development**

**Effect of leptin genotype and zilpaterol hydrochloride supplementation on the growth rate and carcass characteristics of finishing steers**

T. J. McEvers, L. C. Dorin, J. L. Berg, G. F. Royan, J. P. Hutcheson, G. D. Appleyard, and T. E. Lawrence 199-204

## **Meat Science**

**Packing plant differences in meat quality for grain-fed veal**

C. P. Campbell, J. Haley, K. C. Swanson, and I. B. Mandell 205-215

## **Physiology**

**Evaluating the interaction between progesterone, tumor necrosis factor-alpha and cortisol on early loss of transferred embryo in beef cows**

M. Mason, E. J. Cuadra, T. H. Elsasser, J. Lopez, and J. Yoonsung 217-225

**SHORT COMMUNICATION: Effect of silymarin (*Silybum marianum*) treatment on prolactin concentrations in cyclic sows**

F. Loisel, H. Quesnel, and C. Farmer 227-230

## **Nonruminant Nutrition**

**Adverse effects in broiler chickens fed a high lycopene concentration supplemented diet**

L. Pozzo, M. Tarantola, E. Biasibetti, M. T. Capucchio, M. Pagella, E. Mellia, S. Bergagna, M. S. Gennero, G. Strazzullo, and A. Schiavone 231-241

**Impact of exogenous carbohydrases and phytase on growth performance and nutrient digestibility in broilers**

H. Lu, S. A. Adedokun, A. Preynat, V. Legrand-Defretin, P. A. Geraert, O. Adeola, and K. M. Ajuwon 243-249

## **Ruminant Nutrition**

**Quality and precision processing of barley grain affected intake and digestibility of dry matter in feedlot steers**

W. Z. Yang, M. Oba, and T. A. McAllister 251-260

**Precision processing barley grain did not affect productivity of lactating dairy cows**

N. Schlau, L. Duineveld, W. Z. Yang, T. A. McAllister, and M. Oba 261-268

**Effect of high dietary levels of canola meal on growth performance, carcass quality and meat fatty acid profiles of feedlot cattle**

M. L. He, D. Gibb, J. J. McKinnon, and T. A. McAllister 269-280

**SHORT COMMUNICATION: Effects of supplemental canola meal and various types of distillers' grains on growth performance of backgrounded steers**

W. Z. Yang, L. Xu, C. Li, and K. A. Beauchemin 281-286

## **Other**

**Effect of prepartum somatotropin injection in late pregnant Holstein heifers with high body condition score on metabolic parameters, resumption of ovulation and milk production**

D. A. V. Acosta, L. F. M. Pfeifer, E. Schmitt, A. Schneider, P. A. S. Silveira, C. B. Jacometo, C. C. Brauner, V. R. Rabassa, M. N. Corrêa, and F. A. B. Del Pino 287-292

**Acknowledgement of Reviewers 293-294**
