

2012 IPNI Science Award Goes To A.E. Johnston of Rothamsted Research	3
Annual Awards Offered by IPNI	3
4R Management: Differentiating Nitrogen Management Categories on Corn in Iowa Peter M. Kyveryga and Tracy M. Blackmer	4
Modern Corn Hybrids' Nutrient Uptake Patterns Ross R. Bender, Jason W. Haegele, Matias L. Ruffo and Fred E. Below	7
InfoAg 2013 Conference Set for July 16-18	10
Ratios and Concentrations of Nitrogen, Phosphorus and Potassium Affect Production of Woody Perennials Helen T. Kraus and Stuart L. Warren	11
Networking Soil Fertility Studies at the Agro-ecosystem Level using Meta-analysis Leon E. Parent and Tom Bruulsema	13
Potassium Fellowship Program Request for Proposals	15
2012 Crop Nutrient Deficiency Photo Contest Winners	16
Fertilizer Plays an Important Role in Current Crop Production: A Case Study from Hubei Weini Wang, Jianwei Lu, Yinshui Li, Juan Zou and Wei Su	18
Nutrient Expert™: A Tool to Optimize Nutrient Use and Improve Productivity of Maize T. Satyanarayana et al.	21
How Important are Phosphorus and Potassium for Soybean Production in the Cerrado of Brazil? Eros A.B. Francisco	25
Strategies to Mitigate Methane Emissions in Lowland Rice Fields in South Brazil Cimelio Bayer et al.	27
Important Changes for the IPNI China Program	30
4R Plant Nutrition Manual Slide Set Now Available	30
Hakim Boulal Joins Staff of IPNI as Deputy Director of North Africa Program	31
Nutrient Balance and the Future of Land Paul E. Fixen	32
