

## CONTENTS

<b>Strategy Theme ‘Systems’: A Discussion Paper:</b> G. R. Backeberg .....	1
<b>Influence of Crop Spatial Variability When Calculating Irrigation Network Flows:</b> J. Monserrat, M. Ezpeleta, M. A. Colomer, L. L. Cots and J. Barragan .....	8
<b>Long-Term Effectiveness of Lining Tertiary Canals in the Indus Basin of Pakistan:</b> A. Raza, M. Latif and A. S. Shakir .....	16
<b>Practical Issues in Developing a Smart Surface Irrigation System with Real-Time Simulation of Furrow Advance:</b> S. Shahidian, R. P. Serralheiro and J. M. Serrano .....	25
<b>Field Evaluation on Water Productivity of Winter Wheat Under Sprinkler or Surface Irrigation in the North China Plain:</b> H.-J. Liu, Y. Kang, S.-M. Yao, Z.-Q. Sun, S.-P. Liu and Q.-G. Wang .....	37
<b>Modelling Irrigated Wheat Production Using the Fao Aquacrop Model in West Bengal, India, for Sustainable Agriculture:</b> A. Singh, S. Saha and S. Mondal .....	50
<b>Maximizing Productivity and Water Use Efficiency of Alfalfa Under Precise Subsurface Drip Irrigation in Arid Regions:</b> S. M. Ismail and M. H. Almarshadi .....	57
<b>Economic Analysis of Drip-Irrigated Kinnow Mandarin Orchard Under Deficit Irrigation and Partial Root Zone Drying:</b> P. Panigrahi, R. K. Sharma, S. S. Parihar, M. Hasan and D. S. Rana .....	67
<b>Water Allocation Optimization for Supplementary Irrigation in Rainfed Lands to Increase Total Income Case Study: Upstream Karkheh River Basin:</b> H. Ramezani Etedali, A. Liaghat, M. Parsinejad, A. R. Tavakkoli, O. Bozorg Haddad and M. Ramezani Etedali .....	74
<b>Silage Maize Growth Simulation Using Pilote and Cropsyst Model:</b> B. Bouazzama, J. C. Mailhol, D. Xanthoulis, A. Bouaziz, P. Ruelle and H. Belhouchette .....	84
<b>Numerical Simulations and Validation of Water Flow and Heat Transport in a Subsurface Drip Irrigation System Using HYDRUS-2D:</b> J. Wang, S. Gong, D. Xu, S. Juan and J. Mu .....	97
<b>Quality of Drainage Water Under Irrigated Cotton in Vertisols of the Lower Namoi Valley, New South Wales, Australia:</b> T. B. Weaver, N. R. Hulugalle, H. Ghadiri and S. Harden .....	107
<b>Computation of Discharge through Side Sluice Gate Using Gene-Expression Programming:</b> H. M. Azamathulla, Z. Ahmad and A. Ab Ghani .....	115
<b>An Efficient Hybrid LP-LP Method for the Optimal Utilization of Confined Aquifers:</b> M. Khadem and M. H. Afshar .....	120
<b>ICID: World Irrigation and Drainage Prize:</b> A. C. Tyagi .....	129
<b>Guest Editors and Referees 2012</b> .....	131
