

Foodborne Pathogens and Disease

Volume 10

Number 2

February 2013

ORIGINAL ARTICLES

- Pathogenic Bacteria in Finnish Bulk Tank Milk** 99
M. Ruusunen, M. Salonen, H. Pulkkinen, M. Huuskonen, S. Hellström, J. Revez, M.-L. Hänninen, M. Fredriksson-Ahomaa, and M. Lindström
- Proteomic Analysis Shows That Individual *Listeria monocytogenes* Strains Use Different Strategies in Response to Gastric Stress** 107
J. Melo, D. Schrama, P.W. Andrew, and M.L. Faleiro
- Detection of *Toxoplasma gondii* in Raw Caprine, Ovine, Buffalo, Bovine, and Camel Milk Using Cell Cultivation, Cat Bioassay, Capture ELISA, and PCR Methods in Iran** 120
F.S. Dehkordi, E. Rahimi, and R. Abdizadeh
- Enterotoxin-Encoding Genes in *Staphylococcus* spp. from Bulk Goat Milk** 126
D.G. Lyra, F.G.C. Sousa, M.F. Borges, P.E.N. Givisiez, R.C.R.E. Queiroga, E.L. Souza, W.A. Gebreyes, and C.J.B. Oliveira
- Epidemiology of Foodborne Disease Outbreaks Caused by *Clostridium perfringens*, United States, 1998–2010** 131
J.E. Grass, L.H. Gould, and B.E. Mahon
- Kudoa septempunctata* Invasion Increases the Permeability of Human Intestinal Epithelial Monolayer** 137
T. Ohnishi, Y. Kikuchi, H. Furusawa, Y. Kamata, and Y. Sugita-Konishi
- Phenotypic and Molecular Antibiotic Resistance Profile of *Enterococcus faecalis* and *Enterococcus faecium* Isolated from Different Traditional Fermented Foods** 143
A. Sánchez Valenzuela, L. Lavilla Lerma, N. Benomar, A. Gálvez, R. Pérez Pulido, and H. Abriouel
- Antibacterial Activity of Sonoran Propolis and Some of Its Constituents Against Clinically Significant *Vibrio* Species** 150
M. Navarro-Navarro, P. Ruiz-Bustos, D. Valencia, R. Robles-Zepeda, E. Ruiz-Bustos, C. Virués, J. Hernandez, Z. Domínguez, and C. Velazquez
- An Outbreak of *Salmonella* Typhimurium Phage Type 42 Associated with the Consumption of Raw Flour** 159
L. McCallum, S. Paine, K. Sexton, M. Dufour, K. Dyet, M. Wilson, D. Campbell, D. Bandaranayake, and V. Hope

(continued)

Effect of Ethanol Shock Pretreatment on the Tolerance of <i>Cronobacter sakazakii</i> BCRC 13988 Exposed to Subsequent Lethal Stresses	165
<i>Y.-T. Huang, K.-C. Cheng, R.-C. Yu, and C.-C. Chou</i>	
Dissemination of Antimicrobial-Resistant Clones of <i>Salmonella enterica</i> Among Domestic Animals, Wild Animals, and Humans	171
<i>G. Palomo, M.J. Campos, M. Ugarte, M.C. Porrero, J.M. Alonso, C. Borge, S. Vadillo, L. Domínguez, A. Quesada, and S. Píriz</i>	
Characterization of Multidrug-Resistant <i>Proteus mirabilis</i> Isolated from Chicken Carcasses	177
<i>M.H.Y. Wong, H.Y. Wan, and S. Chen</i>	
Effect of the Enrichment Medium on the Detection and Diversity of <i>Salmonella</i> from Porcine Duodenal Content	182
<i>E.V. De Busser, D. Maes, K. Houf, J. Dewulf, and L. De Zutter</i>	
Cystic Echinococcosis in Children and Adults: A Seven-Year Comparative Study in Western Romania	189
<i>D.C. Vlad, A.M. Neghina, V. Dumitrascu, I. Marincu, R. Neghina, and C.L. Calma</i>	
LETTER TO THE EDITOR	
Food Safety or Typical Dishes?: <i>Toxoplasma gondii</i> and Educational Preventive Campaign	196
<i>M. Vitale and V. Di Marco Lo Presti</i>
