## BOTANY

- Stromberg, J.C. Root patterns and hydrogeomorphic niches of riparian plants in the American Southwest ..... 1
- Jurand, B.S., Abella, S.R. & Suazo, A.A. Soil seed bank longevity of the exotic annual grass *Bromus rubens* in the Mojave Desert, USA ..... 68
- Andersen, D.C. & Nelson, S.M. Floral ecology and insect visitation in riparian *Tamarix* sp. (saltcedar) ..... 105
- 

## ZOOLOGY

- Traba, J., Acebes, P., Malo, J.E., García, J.T., Carriles, E., Radi, M. & Znari, M. Habitat selection and partitioning of the Black-bellied Sandgrouse (*Pterocles orientalis*), the Stone Curlew (*Burhinus oedicnemus*) and the Cream-coloured Courser (*Cursorius cursor*) in arid areas of North Africa ..... 10
- Crowe, D.E. & Longshore, K.M. Nest site characteristics and nesting success of the Western Burrowing Owl in the eastern Mojave Desert. .... 113
- 

## BIOLOGICAL SOIL CRUSTS

- Drahorad, S., Felix-Henningsen, P., Eckhardt, K.-U. & Leinweber, P. Spatial carbon and nitrogen distribution and organic matter characteristics of biological soil crusts in the Negev desert (Israel) along a rainfall gradient ..... 18
- Dettweiler-Robinson, E., Bakker, J.D. & Grace, J.B. Controls of biological soil crust cover and composition shift with succession in sagebrush shrub-steppe ..... 96
- 

## PASTORALISM

- Addison, J., Davies, J., Friedel, M. & Brown, C. Do pasture user groups lead to improved rangeland condition in the Mongolian Gobi Desert? ..... 37
- 

## FORESTRY

- Soulé, P.T. & Knapp, P.A. Radial growth rates of two co-occurring coniferous trees in the Northern Rockies during the past century. .... 87
- 

## SYSTEMS

- Mor-Mussery, A., Leu, S. & Budovsky, A. Modeling the optimal grazing regime of *Acacia victoriae* silvopasture in the Northern Negev, Israel ..... 27
- 

## COMMUNITY AND LANDSCAPE

- de Grenade, R. Date palm as a keystone species in Baja California peninsula, Mexico oases ..... 59
- 

## ECOSYSTEM SERVICES

- Giday, K., Eshete, G., Barklund, P., Aertsen, W. & Muys, B. Wood biomass functions for *Acacia abyssinica* trees and shrubs and implications for provision of ecosystem services in a community managed enclosure in Tigray, Ethiopia ..... 80
- 

## SHORT COMMUNICATIONS

- Conrad, B., Acharya, K., Dudley, T.L. & Bean, D.W. Impact of episodic herbivory by the tamarisk leaf beetle on leaf litter nitrogen and stem starch content: A short communication. .... 76
- Munyati, C., Economon, E.B. & Malahlela, O.E. Effect of canopy cover and canopy background variables on spectral profiles of savanna rangeland bush encroachment species based on selected *Acacia* species (*mellifera*, *tortilis*, *karroo*) and *Dichrostachys cinerea* at Mokopane, South Africa ..... 121
- 

## ANTHROPOLOGY

- Reenberg, A., Maman, I. & Oksen, P. Twenty years of land use and livelihood changes in SE-Niger: Obsolete and short-sighted adaptation to climatic and demographic pressures? ..... 47
