Genesis and Geography of Soils

State Soil Map of the Russian Federation: An ArcInfo Version

*D. I. Rukhovich, P. V. Koroleva, N. V. Kalinina, E. V. Vil'chevskaya,
M. S. Simakova, E. A. Dolinina, and S. V. Rukhovich* 225

Anthropogenic Transformation of Soils In the Northern Ergeni Upland
(Studies at the First Experimental Plot of the Arshan'-Zelmen Research Station)

A. F. Novikova and M. V. Konyushkova 241

Soil Chemistry

Microelements in Soils of Conjugated Landscapes with Different Degrees
of Hydromorphism in the Kamennaya Steppe

D. I. Shcheglov, N. S. Gorbunova, L. A. Semenova, and O. A. Khatuntseva 254

Humus in Paleosols of Archaeological Monuments in the Dry Steppes
of the Volga–Don Interfluve

B. N. Zolotareva and V. A. Demkin 262

Some Features of Soil Organic Matter in Parks and Adjacent Residential
Areas of Moscow

T. V. Prokofeva, M. S. Rozanova, and V. O. Poputnikov 273

Soil Physics

Effect of the Structure on the Electrical Properties of Soils

Yu. V. Egorov, I. I. Sudnitsyn, A. V. Bobkov, and A. V. Kirichenko 284

Spatial Variations of the Magnetic Susceptibility in the Profiles
of Paleocryomorphic Soils

I. M. Vagapov, L. A. Gugalinskaya, and V. M. Alifanov 291

Specificity of the Physical Properties of Soils in Locally Waterlogged
Landscapes in the Lower Reaches of the Don River

S. A. Tishchenko, O. S. Bezuglova, and I. V. Morozov 297

Soil Biology

Filtrating Forms of Soil Bacteria

A. A. Van'kova, P. I. Ivanov, and V. T. Emtsev 303

Dynamics of Gas Condensate Removal from an Al–Fe–Humus Podzol
and Its Effect on the Complexes of Soil Fungi

G. A. Evdokimova, M. V. Korneikova, and V. A. Myazin 310

Mineralogy and Micromorphology of Soils

Biogeochemical Role of Magnetite in Urban Soils (Review of Publications)

Yu. N. Vodyanitskii

317

Degradation, Rehabilitation, and Conservation Of Soils

The Formation of the Agrogenic Typical Chernozem Profile in the Ukrainian Forest-Steppe after Plowing Virgin Steppe and Fallow Soils

B. S. Nosko

325

Soil Contamination in the Zone Affected by Waste Products of Tin Ore Processing in the Khabarovsk Region

*L. T. Krupskaya, A. M. Derbentseva, O. V. Nesterova, A. V. Nazarkina,
L. N. Shchapova, and V. A. Morin*
