

Research Papers

- Immature stages of five species of Gerridae (Heteroptera: Gerromorpha) from the Eastern Tropical Pacific
D.N. Padilla-Gil 91
- Dynamics of the invasive *Bemisia tabaci* (Homoptera: Aleyrodidae) Mediterranean (MED) species in two West African countries
O. Gnankine, G. Ketoh and T. Martin 99
- Feeding preferences of the legume pod borer *Maruca vitrata* (Lepidoptera: Crambidae) larvae and suitability of different flower parts for larval development
F. Traore, C.L. Dabire-Binso, N.M. Ba, A. Sanon and B.R. Pittendrigh 107
- Seasonal dynamics and spatial distribution of *Eutetranychus orientalis* (Acarina: Tetranychidae) on *Albizia lebbek* (Fabaceae) in parks in Ahwaz, southwest Iran
F. Yaralmadi and A. Rajabpour 114
- Predatory performance of aphidophagous ladybirds: a measure of prey suitability?
B. Kumar, G. Pandey, G. Mishra and Omkar 120
- Host preference of *Lysiphlebus testaceipes* (Hymenoptera: Braconidae, Aphidiinae), an alien aphid parasitoid in Benin
G.T. Tepa-Yotto, T. Hofsvang, I. Godonou and M.-G Sæthre 127
- Phytochemical screening of *Dracaena arborea* (Asparagaceae) for insecticidal activity in the control of *Sitophilus zeamais* (Coleoptera: Curculionidae) and *Callosobruchus maculatus* (Coleoptera: Chrysomelidae)
I.O. Udo 136
