

CONTENTS

Regular Paper

CYLWIK B, NAKLICKI M, GRUSZEWSKA E, SZMITKOWSKI M and CHROSTEK L: The Distribution of Serum Folate Concentration and Red Blood Cell Indices in Alcoholics.	1-8
YAGI T, IWAMOTO S, MIZUSEKI R, FURUYA M and NAKAYAMA K: Contents of All Forms of Vitamin B ₆ , Pyridoxine- β -Glucoside and 4-Pyridoxic Acid in Mature Milk of Japanese Women According to 4-Pyridoxolactone-Conversion High Performance Liquid Chromatography.	9-15
INOUE H, YAMAKAWA-KOBAYASHI K, SUZUKI Y, NAKANO T, HAYASHI H and KUWANO T: A Case Study on the Association of Variation of Bitter-Taste Receptor Gene <i>TAS2R38</i> with the Height, Weight and Energy Intake in Japanese Female College Students	16-21
NOZUE M, JUN K, ISHIHARA Y, TAKETA Y, NARUSE A, NAGAI N, YOSHITA K and ISHIDA H: How Does Fortification Affect the Distribution of Calcium and Vitamin B ₁ Intake at the School Lunch for Fifth-Grade Children?.	22-28
AGATA U, PARK J-H, HATTORI S, IMURA Y, EZAWA I, AKIMOTO T and OMI N : The Effect of Different Amount of Calcium Intake on Bone Metabolism and Arterial Calcification in Ovariectomized Rats.	29-36
YOKOTANI K, CHIBA T, SATO Y, NAKANISHI T, MURATA M and UMEGAKI K: Influence of Dietary Macronutrients on Induction of Hepatic Drug Metabolizing Enzymes by <i>Coleus forskohlii</i> Extract in Mice.	37-44
IMAMURA W, YOSHIMURA R, TAKAI M, YAMAMURA J, KANAMOTO R and KATO H: Adverse Effects of Excessive Leucine Intake Depend on Dietary Protein Intake: A Transcriptomic Analysis to Identify Useful Biomarkers.	45-55
MORI N, KURATA M, YAMAZAKI H, HOSOKAWA H, NADAMOTO T, INOUE K and FUSHIKI T: Intra-gastric Administration of Allyl Isothiocyanate Reduces Hyperglycemia in Intraperitoneal Glucose Tolerance Test (IPGTT) by Enhancing Blood Glucose Consumption in Mice.	56-63

Note

MIYAZAKI H, TAKITANI K, KOH M, TAKAYA R, YODEN A and TAMAI H: α -Tocopherol Status and Expression of α -Tocopherol Transfer Protein in Type 2 Diabetic Goto-Kakizaki Rats.	64-68
BHATIA P, PRAKASH R and PRAKASH NT: Selenium Uptake by Edible Oyster Mushrooms (<i>Pleurotus</i> sp.) from Selenium-Hyperaccumulated Wheat Straw	69-72
KAIMOTO T, SHIBUYA M, NISHIKAWA K and MAEDA H: High Incidence of Lipid Deposition in the Liver of Rats Fed a Diet Supplemented with Branched-Chain Amino Acids under Vitamin B ₆ Deficiency.	73-77

Errata.	78
