

CONTENTS

Interaction between distant taxa in the use of tree cavities in African ecosystems: a study using nest-boxes José P. Veiga, Wanyoike Wamiti, Vicente Polo & Muchane Muchai	187
The influence of the invasive weed <i>Lantana camara</i> on elephant habitat use in Mudumalai Tiger Reserve, southern India Gaius Wilson, Ajay A. Desai, Dalice A. Sim & Wayne L. Linklater	199
Changes in pollinator assemblages following hurricanes affect the mating system of <i>Laguncularia racemosa</i> (Combretaceae) in Florida, USA Carol L. Landry	209
Leaf physiological response to light environment of three tree fern species in a Mexican cloud forest K. Riaño & O. Briones	217
Spatial and temporal variation in community composition of herbivorous insects on <i>Neoboutonia macrocalyx</i> in a primary tropical rain forest Kaisa Heimonen, Jeremiah S. Lwanga, Marko Mutanen, Tommi Nyman & Heikki Roininen	229
Is the São Francisco River a geographic barrier to gene flow in trees of <i>Handroanthus ochraceus</i> ? Patrícia de Abreu Moreira & G. Wilson Fernandes	243
<i>Short Communications</i>	
Kleptoparasitism in the endemic gecko <i>Phelsuma inexpectata</i> : pollen theft from foraging honeybees on Réunion Johanna Clémencet, Cyril Aubert, Doriane Blottière & Mickaël Sanchez	251
How do habitat and climate variation affect phenology of the Amazonian palm, <i>Mauritia flexuosa</i> ? Roxaneh Khorsand Rosa, Reinaldo Imbrozio Barbosa & Suzanne Koptur	255
Activity patterns of the water opossum <i>Chironectes minimus</i> in Atlantic Forest rivers of south-eastern Brazil Melina de Souza Leite, Thiago Lopes Queiroz, Maron Galliez, Patrícia Pinto de Mendonça & Fernando A. S. Fernandez	261
Do Melastomataceae perform CAM photosynthesis? A survey of neotropical species using carbon isotope ratios Gilberto Ocampo & Frank Almeda	265
Population structure and canopy use by <i>Coussapoa microcarpa</i> , a strangler hemiepiphyte from the Brazilian Atlantic Forest Luís Francisco Mello Coelho & Marco Aurélio Pizo	271
