

CONTENTS

Breeding and genetics

Mantovani, R., Sartori, C. and Pigozzi, G.

Retrospective and statistical analysis of breeding management on the Italian Heavy Draught Horse breed 1053

Worede, G. M., Forabosco, F., Zumbach, B., Palucci, V. and Jorjani, H.

Evaluation of genetic variation in the international Brown Swiss population 1060

Nutrition

Rist, V. T. S., Weiss, E., Eklund, M. and Mosenthin, R.

Impact of dietary protein on microbiota composition and activity in the gastrointestinal tract of piglets in relation to gut health: a review 1067

Murphy, P., Dal Bello, F., O'Doherty, J., Arendt, E. K., Sweeney, T. and Coffey, A.

Analysis of bacterial community shifts in the gastrointestinal tract of pigs fed diets supplemented with β -glucan from *Laminaria digitata*, *Laminaria hyperborea* and *Saccharomyces cerevisiae* 1079

Keady, T. W. J. and Hanrahan, J. P.

Effects of silage from maize crops differing in maturity at harvest, grass silage feed value and concentrate feed level on performance of finishing lambs 1088

Lin, M., Schaefer, D. M., Zhao, G. Q. and Meng, Q. X.

Effects of nitrate adaptation by rumen inocula donors and substrate fiber proportion on *in vitro* nitrate disappearance, methanogenesis, and rumen fermentation acid 1099

Ghasemi, E., Ghorbani, G. R., Khorvash, M., Emami, M. R. and Karimi, K.

Chemical composition, cell wall features and degradability of stem, leaf blade and sheath in untreated and alkali-treated rice straw 1106

Avondo, M., Pagano, R. I., De Angelis, A. and Pennisi, P.

Diet choice by goats as effect of milk production level during late lactation 1113

Steingass, H., Kneer, G., Wischer, G. and Rodehutschord, M.

Variation of *in situ* rumen degradation of crude protein and amino acids and *in vitro* digestibility of undegraded feed protein in rapeseed meals 1119

Maroto-Molina, F., Gómez-Cabrera, A., Guerrero-Ginel, J. E., Garrido-Varo, A. Sauvant, D., Tran, G., Heuzé, V. and Pérez-Marin, D. C.

Data pre-processing to improve the mining of large feed databases 1128

Physiology and functional biology of systems

Stumpf, M. T., Fischer, V., McManus, C. M., Kolling, G. J., Zanela, M. B., Santos, C. S., Abreu, A. S. and Montagner, P.

Severe feed restriction increases permeability of mammary gland cell tight junctions and reduces ethanol stability of milk 1137

Pereira, R. A., Silveira, P. A. S., Montagner, P., Schneider, A., Schmitt, E., Rabassa, V. R., Pfeifer, L. F. M.,

Del Pino, F. A. B., Pulga, M. E. and Corrêa, M. N.

Effect of butaphosphan and cyanocobalamin on *postpartum* metabolism and milk production in dairy cows 1143

Maeno, H., Oishi, K. and Hirooka, H.

Interspecies differences in the empty body chemical composition of domestic animals 1148

Behaviour, welfare and health

Kluyvers-Poodt, M., Zonderland, J. J., Verbraak, J., Lambooj, E. and Hellebrekers, L. J.

Pain behaviour after castration of piglets; effect of pain relief with lidocaine and/or meloxicam 1158

Grégoire, J., Bergeron, R., D'Allaire, S., Meunier-Salaün, M.-C. and Devillers, N.

Assessment of lameness in sows using gait, footprints, postural behaviour and foot lesion analysis 1163

Pluym, L. M., Van Nuffel, A., Van Weyenberg, S. and Maes, D.

Prevalence of lameness and claw lesions during different stages in the reproductive cycle of sows and the impact on reproduction results 1174

Phythian, C. J., Toft, N., Cripps, P. J., Michalopoulou, E., Winter, A. C., Jones, P. H., Grove-White, D. and Duncan, J. S.

Inter-observer agreement, diagnostic sensitivity and specificity of animal-based indicators of young lamb welfare 1182

Product quality, human health and well-being

Lösel, D. and Rehfeldt, C.

Effects of L-carnitine supplementation to suckling piglets on carcass and meat quality at market age 1191

Lorenzo, J. M., Sarriés, M. V. and Franco, D.

Sex effect on meat quality and carcass traits of foals slaughtered at 15 months of age 1199

Blanco, M., Jurie, C., Micol, D., Agabriel, J., Picard, B. and Garcia-Launay, F.

Impact of animal and management factors on collagen characteristics in beef: a meta-analysis approach (review) 1208

Canaza-Cayo, A. W., Alomar, D. and Quispe, E.

Prediction of alpaca fibre quality by near-infrared reflectance spectroscopy 1219
