

# Foodborne Pathogens and Disease

Volume 10

Number 6

June 2013

---

## ORIGINAL ARTICLES

---

- Survival of Enteric Pathogens During Butterhead Lettuce Growth: Crop Stage, Leaf Age, and Irrigation** 485  
*I. Van der Linden, B. Cottyn, M. Uyttendaele, G. Vlaemynck, M. Heyndrickx, and M. Maes*
- Kinetics Model Comparison for the Inactivation of *Salmonella* Serotypes Enteritidis and Oranienburg in 10% Salted Liquid Whole Egg** 492  
*J.B. Gurtler, H.M. Marks, R.B. Bailey, V. Juneja, and D.R. Jones*
- Seroprevalence and Risk Factors Associated with Brucellosis as a Professional Hazard in Pakistan** 500  
*S. Ali, Q. Ali, H. Neubauer, F. Melzer, M. Elschner, I. Khan, E.N. Abatih, N. Ullah, M. Irfan, and S. Akhter*
- Role of Capsular Polysaccharides and Lipooligosaccharides in *Campylobacter* Surface Properties, Autoagglutination, and Attachment to Abiotic Surfaces** 506  
*V.T. Nguyen, R.S. Barlow, N. Fegan, M.S. Turner, and G.A. Dykes*
- Prevalence of *Yersinia enterocolitica* in Antimicrobial-Free and Conventional Antimicrobial Use Swine Production** 514  
*J.A. Funk, M.J. Abley, A.S. Bowman, W.A. Gebreyes, W.E. Morgan Morrow, and D.A. Tadesse*
- Analyzing Indicator Microorganisms, Antibiotic Resistant *Escherichia coli*, and Regrowth Potential of Foodborne Pathogens in Various Organic Fertilizers** 520  
*C. Miller, S. Heringa, J. Kim, and X. Jiang*
- Prevalence of Hepatitis A Virus in Bivalve Molluscs Sold in Granada (Spain) Fish Markets** 528  
*E. Moreno Roldán, E. Espigares Rodríguez, M. Espigares García, and M. Fernández-Crehuet Navajas*
- Noroviruses in Seafood: A 9-Year Monitoring in Italy** 533  
*E. Pavoni, M. Consoli, E. Suffredini, G. Arcangeli, L. Serracca, R. Battistini, I. Rossini, L. Croci, and M.N. Losio*

(continued)

**Diversity of Pulsed-Field Gel Electrophoresis Pulsotypes, Serovars, and Antibiotic Resistance Among *Salmonella* Isolates from Wild Amphibians and Reptiles in the California Central Coast** 540  
*L. Gorski, M.T. Jay-Russell, A.S. Liang, S. Walker, Y. Bengson, J. Govoni, and R.E. Mandrell*

**Characterization of *Salmonella enterica* Subsp. *enterica* Serovar 4,[5],12:i:- Clones Isolated from Human and Other Sources in Switzerland Between 2007 and 2011** 549  
*C. Gallati, R. Stephan, H. Hächler, B. Malorny, A. Schroeter, and M. Nüesch-Inderbinen*

**Presence of Inducible Clindamycin Resistance Phenotype and *erm* Genes in Foodborne *Staphylococcus aureus* Isolates** 555  
*M. Sudagidan and A. Aydin*

**Impact of Management Practices and Distillers' Grains Feeding on the Prevalence of *Escherichia coli* O157 in Feedlot Cattle in Minnesota** 559  
*R.C. Fink, J.M. Popowski, J.E. Anderson, J.L. Dahlberg, S. Kalyanikutty, G.I. Crawford, A. DiCostanzo, R.B. Cox, and F. Diez-Gonzalez*

***In Vivo* Modulation of *Campylobacter jejuni* Virulence in Response to Environmental Stress** 566  
*A. Klančnik, D. Vučković, M. Plankl, M. Abram, and S.S. Možina*

**Nontuberculous Mycobacteria in Freshwater Fish and Fish Products Intended for Human Consumption** 573  
*A. Lorencova, B. Klanicova, J. Makovcova, I. Slana, H. Vojkovska, V. Babak, I. Pavlik, and M. Slany*

**SHORT COMMUNICATION**

---

**Occurrence of *Listeria* spp. in Retail Meat and Dairy Products in the Area of Addis Ababa, Ethiopia** 577  
*F.A. Derra, S. Karlsmose, D.P. Monga, A. Mache, C.A. Svendsen, B. Félix, S.A. Granier, A. Geyid, G. Taye, and R.S. Hendriksen*
