

ORIGINAL ARTICLES

- 289 Assessing soil salinity in the fields of western China using spatial modeling and remote sensing
Q. Quan, B. Shen, J. Xie, W. Luo and W. Wang
- 297 Sowing mixtures of Brassica trap crops is recommended to reduce *Phyllotreta* beetles injury to cabbage
T. Bohinc and S. Trdan
- 304 Estimating hydraulic parameters of stony soils on the basis of one-dimensional water absorption properties
Y.-F. Yang, Q.-J. Wang and J. Zhuang
- 314 Fatty acid concentrations in timothy (*Phleum pratense* L.) and meadow fescue (*Festuca pratensis* Huds.): Effects of seasonal variations at different nitrogen fertilization levels
K. Arvidsson, K. Martinsson and A.-M. Gustavsson
- 322 Soil contamination as a possible long-term consequence of war in Croatia
D. Vidosavljević, D. Puntarić, V. Gvozdić, M. Jergović, M. Miškulin, I. Puntarić, E. Puntarić and S. Šijanović
- 330 Morphological, physiological and biochemical responses of biofuel plant *Euphorbia lathyris* to salt stress
J. Yang, Y. Cao, Z. Yang, W. Zhang, L. Sun and C. LU
- 341 N source affects freeze tolerance in bermudagrass and zoysiagrass
A. Pompeiano, I. Volpi, M. Volterrani and L. Guglielminetti
- 352 Growth characteristics, nutrient uptake, and metal accumulation of ryegrass (*Lolium perenne* L.) in sludge-amended mudflats
Y. Bai, C. Gu, T. Tao, L. Wang, K. Feng and Y. Shana
- 360 Prediction of trace metal concentrations (Cd, Cu, Fe, Mn and Zn) in wheat grain from unpolluted agricultural soils
V. Ivezić, Å.R. Almås, B.R. Singh and Z. Lončarića

SHORT COMMUNICATIONS

- 370 Timing of mounding for bambara groundnut affects crop development and yield in a rainfed tropical environment
M. Ouedraogo, B. Zagre M'bi, F. Liu, R. Ortiz and S.T. Jørgensen
- 376 Cadmium accumulation in maize monoculture and intercropping with six legume species
Y. Liu, P. Zhuang, Z. Li, B. Zou, G. Wang, N. Li and J. Qiu
