

Special Issue: Clive Francis *Festschrift*

Foreword	i
The career and contribution to Australian and international agricultural science of Clive McDonald Francis: an introduction <i>M. A. Ewing, D. L. Chatel, M. L. Poole, W. J. Collins</i>	295
Strengthening the impact of plant genetic resources through collaborative collection, conservation, characterisation, and evaluation: a tribute to the legacy of Dr Clive Francis <i>Jens D. Berger, Steve Hughes, Richard Snowball, Bob Redden, Sarita Jane Bennett, Jon C. Clements, Fawzy Nawar</i>	300
Genetic improvement of subterranean clover (<i>Trifolium subterraneum</i> L.). 1. Germplasm, traits and future prospects <i>P. G. H. Nichols, K. J. Foster, E. Piano, L. Pecetti, P. Kaur, K. Ghamkhar, W. J. Collins</i>	312
Cool-season grain legume improvement in Australia—use of genetic resources <i>K. H. M. Siddique, W. Erskine, K. Hobson, E. J. Knights, A. Leonforte, T. N. Khan, J. G. Paull, R. Redden, M. Materne</i>	347
The essential role of genetic resources in narrow-leafed lupin improvement <i>Jens D. Berger, Jon C. Clements, Matthew N. Nelson, Lars G. Kamphuis, Karam B. Singh, Bevan Buirchell</i>	361
Habitat and plant diversity of <i>Trifolium tumens</i> (Steven ex M. Bieb.) collected in Azerbaijan and its characterisation and field evaluation in Tasmania, Australia <i>E. J. Hall, S. J. Hughes, A. W. Humphries, R. Corkrey</i>	374
Camelina (<i>Camelina sativa</i> (L.) Crantz): agronomic potential in Mediterranean environments and diversity for biofuel and food uses <i>M. C. Campbell, A. F. Rossi, W. Erskine</i>	388
Australian and Spanish scientists are collaborating in the domestication of teder: young Merino sheep grazing a monoculture of teder in autumn showed preference for certain accessions but no signs of ill health <i>C. Oldham, D. Real, H. J. Bailey, D. Thomas, A. Van Burgel, P. Vercoe, E. Correal, S. Rios</i>	399
Variability of <i>in vitro</i> ruminal fermentation and methanogenic potential in the pasture legume biserrula (<i>Biserrula pelecinus</i> L.) <i>Bidhyut Kumar Banik, Zoey Durmic, William Erskine, Phillip Nichols, Kioumars Ghamkhar, Philip Vercoe</i>	409
