

Genesis and Geography of Soils

Early Stages of Pedogenesis at the Bottom of a 30-Year-Old Artificial Depression under Semidesert Conditions

T. A. Sokolova, I. I. Tolpeshta, M. L. Sizemskaya, M. K. Sapanov, and A. V. Kolesnikov 811

Soils and the Soil Cover of the Taiga Zone in the Northern Urals (Upper Reaches of the Pechora River)

A. A. Semikolennykh, A. D. Bovkunov, and A. A. Aleinikov 821

Soil Chemistry

Dissolved Organic Matter: Fractional Composition and Sorbability by the Soil Solid Phase (Review of Literature)

E. I. Karavanova 833

Theoretical Approaches to Modelling the Dynamics of Soil Organic Matter

O. G. Chertov and A. S. Komarov 845

Transformation of the Organic Matter in an Agrogray Soil and an Agrochernozem in the Course of the Humification of Corn Biomass

A. A. Larionova, B. N. Zolotareva, Yu. G. Kolyagin, and V. N. Kudayarov 854

Soil Biology

Psychrotolerant Actinomycetes of Plants and Organic Horizons in Tundra and Taiga Soils

M. S. Dubrova, G. M. Zenova, A. V. Yakushev, N. A. Manucharova, E. P. Makarova, D. G. Zvyagintsev, and I. Yu. Chernov 862

Daily Dynamics of Bacterial Numbers, CO₂ Emissions from Soil and Relationships between Their Wavelike Fluctuations and Succession of the Microbial Community

A. M. Semenov, I. A. Bubnov, V. M. Semenov, E. V. Semenova, V. V. Zelenev, and N. A. Semenova 869

Soil Mineralogy and Micromorphology

Differentiation of Layered Silicates and Biogenic Silica in Meadow Podbel Soils of the Central Amur Lowland

N. P. Chizhikova, G. V. Kharitonova, L. A. Matyushkina, N. S. Konovalova, and A. S. Stenina 885

Transformation of the Structural Organization of Clay Sediments and Soils under the Impact of Polyelectrolytes

G. N. Kurochkina, D. L. Pinskiy, G. N. Fedotov, M. Hajnos, Z. Sokolowska, and I. Ciesla 897

Degradation, Rehabilitation, and Conservation of Soils

Transformation of Plant Residues in the Soil of a Zone Exposed to Emissions
from an Aluminum Smelter

G. A. Evdokimova, V. N. Pereverzev, and N. P. Mozgova

908

Agroecological Evaluation of Soils Suitable for Viniculture on the Southeastern
Macroslope of the Great Caucasus (Azerbaijan)

G. Sh. Mamedov and M. M. Yusifova

918
